The Santa Rosa Show will be held on February 19-20, 2005 and we will have a table there once again.

COMMENTARY: Well, I have finally begun entering Steve's vast inventory into the new data base system that we've purchased. From now on, many coins priced over \$100 can be viewed in color at Steve's new website at www.stevealbum.com. The next photolist (202) has gone to the printer and you can expect to arrive during the first week of January. Many coins from the next photolist can be viewed in color on the new and improved website once the list has been mailed. It has taken much longer than either Steve or I expected to get this new system up and running, thus the much shorter list this month. We hope to work all the bugs out of the system within a few more months and until then, we welcome your suggestions on any way we can improve the website or lists. Our goal is to now begin producing 4 photo lists per year and between 6 to 8 non-photo lists each year. Joe
