Stephen Alburn  
***A Checklist of Popular Islamic Coins***  
Santa Rosa, 1993.  
64 pages, card covers, US Letter size.  
This is expected to be the standard catalog of Islamic coin types for the foreseeable future. Over 3200 types listed, with rarities, dates of rulers, weight standards, etc. No photos in this inexpensive edition.  
**Price: \$8** (postpaid in US)

**Want Lists:** I accept want lists and keep them on file for 3 months, longer if you so request. It is important for me to work closely with my customers, and Doug and I shall try to meet all reasonable requests.

**Attribution Service:** The charge is \$2 per coin for basic identification, \$5 per coin for full cataloguing. However, I will identify up to five coins for each customer at no charge (except postage & insurance). This exemption is for collectors only, not for dealers. On all shipments, you pay postage & insurance and assume risk in transit. Turnaround time one to three weeks.

**Discount Schedule:** Remaining coins from lists 117-118 are now available at 10% discount, except bullion-related items. Serious counteroffers for old stock may be considered.

**Returns:** Please return coins in their original envelopes, without folding them or writing on them (except to correct my mistakes), so I can return them to stock without writing up new ones. Thanks! And please, no staples or tape, if at all possible.

**Show schedule:** My next show will be the ANA, at the Anaheim Convention Center, 16-20 August, though I may not stay to the bitter end. Look for me on the floor. Next comes the first San Francisco International, 15-17 September, at the Cathedral Hill Hotel, known to us oldtimers as the Jack Tar. I will be in Europe 13 Oct-2 Nov.

**Invoice number:** Please be sure to mention the invoice number with all returns and payments, to assure proper credit and facilitate matters for us. Nobody enjoys paperwork.

**COMMENTARY** (9 August 1995) — For this list, we have chosen a large number of less expensive coins, including many rare types in lower grades. These have been selling well of late, so why not offer a larger selection?

There is further delay in the shipment of the Eastern Khorasan volume of the Tübingen *Sylloge Numorum Arabicorum*. As of a week ago, copies had not yet been shipped by the publisher, and they were unable to provide a firm shipping date. I am hopeful that my shipment will be here by the end of September.

Tomorrow morning I leave for the ANA, rather early, as I am taking a few days' holiday en route. A friend and I will be driving through parts of Nevada, enjoying the sizzling summer heat, ending up in Las Vegas. I promise not to gamble myself into debt. Last time at the casinos, I lost everything I gambled, all of 85 cents. Dealing in coins is enough of a gamble—who needs the gaming tables and one-armed bandits of Las Vegas.

En route to me now are 20 copies of Lucia Travaini's new work on the Norman coinage of Sicily. I don't yet have details of price, but expect around \$75-90 range. They should be here any day now.

So far we have had a delightful summer here, short spells of very hot weather interspersed with cool days and chilly evenings. Last night was a warm one, ideal for a midnight drink on the back deck!
