- Want Lists:** I accept want lists and keep them on file for 3 months, longer if you so request. It is important for me to work closely with my customers, and Doug and I will listen to all reasonable requests.
- Attribution Service:** The charge is \$2 per coin for basic identification, \$5 per coin for full cataloguing. However, I will identify up to five coins for each customer at no charge (except postage & insurance). This exemption is for collectors only, not for dealers. On all shipments, you pay postage & insurance and assume risk in transit. Turnaround time one to three weeks.
- Discount Schedule:** Remaining coins from lists 125-127 are now available at 10% discount, except bullion-related items. Serious counteroffers for old stock will be considered.

- COMMENTARY** (30 August 1996) — After the ANA, I spent a most glorious week in the San Juan Mountains of southwestern Colorado. I hiked up two of the "14'ers", Coloradan for a 14,000 foot peak, Handies Peak (14,043) and Mt. Uncompahgre (14,309), and walked through other meadows, canyons, mountains, and the like, experiencing rain, hail, sleet and snow at various altitudes. And of course, sampling many of the superb microbrews that have made Colorado a center for fine beers. In all I must have driven somewhat more than 3000 miles, as much as possible off the major highways. This was also my first real occasion to use my 4wd Ford Explorer for what it was intended to do, take bad roads and get one there safely. And get it really, really dusty and dirty!
