**GROUP LOTS**

**Starter Lots:** Nice coins, representative of the series, intended for novice or dealer. Retail of each lot about \$160-180 for average grade coins, \$140-160 for higher grade coins, no duplicates, no junk, all coins identified in envelopes (unless otherwise requested). *You may specify any area, grade range, etc., and we will try our best to fill your needs.* These lots are especially tailored for collectors who want a general representation of a series they are just starting to collect, allowing them to obtain some of the more common coins at a discounted price. This month's specials:

**Want Lists:** I accept want lists and keep them on file for 3 months, longer if you so request. It is important for me to work closely with my customers, and Doug and I will listen to all reasonable requests.

**Attribution Service:** The charge is \$2 per coin for basic identification, \$5 per coin for full cataloguing. However, I will identify up to five coins for each customer at no charge (except postage & insurance). This exemption is for collectors only, not for dealers. On all shipments, you pay postage & insurance and assume risk in transit. Turnaround time one to three weeks.

**Discount Schedule:** Remaining coins from lists 128-130 are now available at 10% discount, except bullion-related items. Serious counteroffers for old stock will be considered.

**Returns:** Please return coins in their original envelopes, without folding them or writing on them (except to correct my mistakes), so I can return them to stock without writing up new ones. Thanks! And please, no staples or tape, if at all possible.

**Show schedule:** Same as in list #129.

**Invoice number:** Please be sure to mention the invoice number with all returns and payments, to assure proper credit and facilitate matters for us. Nobody enjoys paperwork.

**COMMENTARY** (30 September 1996) — This and the previous two lists are being hurriedly prepared before my departure for Oxford, so no time for "hot air".
