Want Lists: I accept want lists and keep them on file for 3 months, longer if you so request. It is important for me to work closely with my customers, and Doug and I will listen to all reasonable requests.

Attribution Service: The charge is \$2 per coin for basic identification, \$5 per coin for full cataloguing. However, I will identify up to five coins for each customer at no charge (except postage & insurance). This exemption is for collectors only, not for dealers. On all shipments, you pay postage & insurance and assume risk in transit. Turnaround time one to three weeks.

Discount Schedule: Remaining coins from lists 129-131 are now available at 10% discount, except bullion-related items. Serious counteroffers for old stock will be considered.

Returns: Please return coins in their original envelopes, without folding them or writing on them (except to correct my mistakes), so I can return them to stock without writing up new ones. Thanks! And please, no staples or tape, if at all possible.

Show schedule: I hope to be at Long Beach (20-23 February) but may have to travel abroad at that time. The next show where I will attend (and with table) is San Francisco, 27-29 March, at the Cathedral Hill hotel.

Invoice number: Please be sure to mention the invoice number with all returns and payments, to assure proper credit and facilitate matters for us. Nobody enjoys paperwork.

COMMENTARY (16 January 1997) — I've now been back from Oxford for nearly three weeks, and the desk is still not showing much wood. We've survived the rains and floods. Although there was much damage in the Russian river area, the city of Santa Rosa suffered nothing more than minor street flooding.

My work at Oxford went rather well. For one thing, I learned enough Russian to be able to read numismatic research in that language. My four lectures, on various aspect of late medieval and early modern Iranian coinage, were well-received, and will be published as a small volume, probably early in 1998.
