Want Lists: I accept want lists and keep them on file for 6 months, longer if you so request. It is important for me to work closely with my customers, and Doug and I will listen to all reasonable requests.

Attribution Service: The charge is \$2 per coin for basic identification, \$5 per coin for full cataloguing. However, I will identify up to five coins for each customer at no charge (except postage & insurance). This exemption is for collectors only, not for dealers. On all shipments, you pay postage & insurance and assume risk in transit. Turnaround time one to three weeks.

Discount Schedule: Remaining coins from lists 132-134 are now available at 10% discount, except bullion-related items. Serious counteroffers for old stock will also be considered.

Returns: Please return coins in their original envelopes, without folding them or writing on them (except to correct my mistakes), so I can return them to stock without writing up new ones. Thanks! And please, no staples or tape, if at all possible.

Show schedule: No changes from list #135. I have decided not to attend the ANA in New York at the end of July, unless something irremediable turns up. But I will be at Long Beach and San Francisco in September, and at Coinex in London in October.

Invoice number: Please be sure to mention the invoice number with all returns and payments, to assure proper credit and facilitate matters for us. Nobody enjoys paperwork.

COMMENTARY (14 June 1997) — I am leaving tomorrow evening for a month's holiday in Australia and New Zealand, and thus had to ready this list before my departure. For once, I am now slightly ahead of schedule with my pricelists.

I will spend one week in Sydney, then take two weeks to drive a rather circuitous route through parts of the outback (e.g., Bourke, Tiboobara, Broken Hill, probably also the Coonawarra Valley), ending up in Melbourne. I fly to Auckland on 9 July, and will spend six days in New Zealand before flying home on 15 July, hopefully having gained the courage to confront the pile of correspondence that will undoubtedly be awaiting my return.

As soon as I finish up that pile of mail, I will start the process of establishing a web site. At present, I have no idea how to proceed but plenty of offers of assistance to get a site up and running. Hopefully I will be able to advertise an e-mail address and a web address by the end of August, if not sooner. I am confident that during my sojourn at Oxford, e-mail and the web will be of great assistance in keeping my business up and running. I promise to use this hot air column from time to time to share my experiences in cyberspace.
