PLEASE NOTE:

This list contains a number of coins more expensive than those usually found on our non-photo lists. As a service to our customers with internet access, a version of this pricelist will be available after October 8 at <http://stevealbum.virtualave.net/>. On this version, it will be possible to click on the listing for any coin priced over \$100 and see a scanned image of the coin. We hope this will help potential buyers select the lots they want with confidence. This is a test run of the new internet format, so please do give us your feedback, and forgive us for any glitches that may occur!

OVERSEAS ACCOUNTS:

Tübingen: Kreissparkasse Tübingen, BLZ 641 500 20, account nº 859581 (payment in Deutschmark only). If paying from outside Germany, kindly add DM10, as the bank now charges me that amount. Payments from within Germany need not add it.

COMMENTARY (24 September 2000) — As most of you have heard by now, Steve was in the hospital for two weeks after a potentially serious head injury. However, he is now out of the hospital and is continuing his recovery at home. I'll keep taking your orders until he's ready to get back in the office. Many thanks to all the friends and colleagues who have expressed their wishes for his speedy recovery!!! In the meantime, Steve's plans for upcoming shows and academic events will be put on hold until later.

It is possible that some checks from our customers were stolen on September 8th. They were with Steve before his injury and are now nowhere to be found, but he has little memory of that night and doesn't know what happened to them. Fortunately the checks had probably already been endorsed so it is unlikely that anyone could have used them — most likely, they were simply discarded. If you sent a payment that would have arrived at that time, and you find that your cancelled check does not come back to you, please let us know.

In case you missed the note at the beginning of the list, I will mention again that after October 8 there will be a version of list #163 on the internet at <http://stevealbum.virtualave.net/>. If all works as planned, you'll be able to click on any lot over \$100 and see an image of the coin. Let us know what you think. This is the fruit of considerable work by Fawzan Barrage, for which we are most grateful! —Alexander Akin
