Starter Lots: Nice coins, representative of the series, intended for novice or dealer. Retail of each lot about \$160-180 for lower grade coins, \$140-160 for average to higher grade coins, no duplicates, no junk, all coins identified in envelopes (unless otherwise requested). *You may specify any area, grade range, etc., and we will try our best to fill your needs.* These lots are especially tailored for those who want a general representation of a series they are just starting to collect, allowing them to obtain some of the more common coins at a discounted price. This month's specials:

G4. Machine struck coins from Iran	G4. Timurid dynasty
G5. 20th century SE Asia	G6. Abbasid silver dirhams
G7. 19th & 20th century Ottoman Egypt	G8. Rasulid silver

Regular lots, \$125 each, triple size, \$350, and ten-fold size, \$1150. Deeper discount on larger sizes. Postage extra, as necessary

Surprise Bags: (Grab-bags): Lots of common coins, mostly lower grades, very cheap, \$50 or \$100 lots. Let me know your area of interest and we can make up a lot. Usually 60% off retail, often much cheaper. Larger quantities are also available, often at still cheaper prices. I have a large amount of "tired old stock", and am always keen to sell this material, as it is more than can ever fit on my regular pricelists.

Discount Schedule: Remaining coins from pricelists 178-180 are now available at 10% discount, except bullion-related items. Serious counteroffers for old stock will be considered.

Show Schedule: I will not be able to attend the New York ANA show at the end of July, so next shows in September, to be announced later.

COMMENTARY: My last trip to Britain and Germany yielded some nice numismatic purchases, to be offered over the coming lists, as well as one week's holiday in Wales, a wonderful place to relax, walk and jog, despite the frequent rainfall. And last week I finally purchased a digital camera (Nikon Coolpix 995), which I must now learn how to use, a learning process that should not be especially complicated. The digital camera, appropriate software and some additional equipment (e.g., a CD burner) will enable Joe and I to produce photo lists both much rapidly and less expensively. Technology has indeed advanced since I had my first list printed in March 1976.
