COMMENTARY: Unexpectedly, our integrating digital photography and new software for a photo list has run into delays, so we've typed up yet another non-photo list to fill the gap, admittedly delayed, as we had hoped to deliver the final version to the printer last week.

The past several months have been difficult for me (Steve). At the age of 94, my mom passed away on the 6th of January. Although the doctors might have a variety of alternative names for her final failure, she died of what I would simply call "old age". She was buried two days later at the Sunrise Municipal Cemetery in Vallejo, California. During this period I have not always found time or effort to take care of all aspects of business, and I apologize to anyone I've delayed or ignored. Fortunately, I am now confident that I will be returning full time to business, without the anxiety that has been constantly on my shoulders during most of the past year.
