Commentary: This list and the next several upcoming lists will contain some very nice Umayyad, Abbasid, medieval Yemeni, and Parthian coins that Steve purchased in Atlanta in January. We can now produce customized specialized lists for clients; i.e. we can create a list of Parthian coins and send it out via email as a PDF attachment. These have proven very popular over the past couple of months. We can make custom lists of nearly anything. The advancement in computer technology never ceases to amaze Steve or myself, so look for more changes on our lists and the website this year. We are working on the 3rd edition of the *Checklist of Islamic Coins* and hope to have a version to the printer this year. Joe
