This volume contains just under 750 coins of the pre-reform period from all parts of the Islamic world. It is particularly strong in the Arab-Sasansian silver and Arab-Byzantine gold and copper issues. The two introductory sections represent significant contributions in the field. They offer the first comprehensive analysis of the monetary history of the early Islamic period since Walker's pioneering catalogues of the British Museum collections and are intended to serve as an introduction for the non-specialist as well as the numismatist. The material is arranged by mint and chronologically within mints.	\$97

COMMENTARY:

Many of you may already be aware that we have merged companies with Paul Montz of Olde World Numismatics. Paul has been a regular dealer at coin shows over the years. He brings to the company a vast knowledge of modern World Coins. As such, we will be offering a greater selection of modern World Coins on our fixed-price lists in the coming months. We will continue to offer our wide selection of Islamic, Indian and Oriental coins, in addition to the increased number of World Coins available. Our hope is that this merger of inventories will allow many of you to broaden your collections by allowing you to select from a more diverse range of material.

In other news; our shipping clerk Lucie White left the company on May 27th. She is now working at a Yoga Studio here in Santa Rosa. We thank her for her 2 years of service, and wish her the best. We have hired a new shipping clerk, Kate Polacci. She started working on June 13th. Shipping inquiries may be directed to her at: kate@stevealbum.com

The old email for Lucie White (lucie@stevealbum.com) will still work. If you accidentally send an email to that address it will automatically be forwarded to Kate.

To those of you who have been waiting for the release of this list, we thank you for your patience. Now that we have hired a new shipping clerk, we should be back to our usual schedule here in the office. And to those of you who are already wondering about List 263, the answer is "Yes, we plan to release List 263 in July".

Lastly, we welcome Summer to the Northern Hemisphere!
