## Islamic Dynasties

*Formerly considered an issue of Chingiz Khan, the type is now regarded as having been struck by the local ruler (malik) of Kurzuwan while under siege by the Mongols. It is thus one of very few identifiable "siege coins" of the Islamic world.*

These Kansu coins were issued between 1914 and the mid 1920s when a formal mint was established and province began to issue its own coinage. These coins were from brass recovered from melting imperial Chinese cast cash coins, which were still in circulation. Since it took about six cast cash coins worth of brass to make a single 100 cash coin, the enterprise was quite profitable for the warlord. The coins are crudely cast, with a considerable variation in styles and sizes.</i>	\$22
