110. **ARAB-SASANIAN: Mu’awiya**, 661-680, AR drachm (3.51g), DAP (Fasâ), year 43 (frozen), A-14, first Umayyad caliph, with his caliphal title AMYL-Y WLWYSNYKAN after his name in the obverse field, struck circa AH52-54 (AD 672-674), bold VF $140 - 180

111. **ARAB-SASANIAN: al-Qatari b. Fuja’a**, ca. 688-698, AR drachm (3.76g), BYSh (Bishapur), AH75, A-33, with the title that means “commander of the believers”, i.e., his claim to the caliphate, VF $200 - 260

112. **ARAB-SASANIAN: ‘Umara b. Tamim**, 703-704, AR drachm (3.70g), SK (Sijistan), AH85, A-C40, date PNCHShT in Pahlavi, no additional letters or symbols in the margins, formerly extremely rare, VF-EF $140 - 180

113. **ARAB-SASANIAN:** ca. 680s-750s, glass vessel stamp (16.09g), cf. Balog-2, peacock-like bird standing left, with fan-shape tail, holding an undulating tendril in its beak, gray-brown almost opaque, just a minor touch of devitrification, but nicer than most pieces we have seen, VF-EF**, RRR** $300 - 400

A similar piece, but with the bird standing right, sold in our Auction 36, Lot 208. Balog qualified this type as either very late Sasanian or early Islamic. The peacock-like bird is sometimes regarded as the senmurg, the fabled bird of ancient Iranian mythology. The more traditional image of the senmurg appears on a copper pashiz of Ardashir-Khurra (Gyselen-2, A-41). Another similar vessel stamp, but with the added Arabic phrase “amara Allah” was sold in our Auction 18, Lot 151.

Early Post-Reform

The phrase “min ma’dinihi”, “from his palace”, refers to the caliphal palace at the city of Rusafa in central Syria, not far from the modern city of al-Raqqa. An inferior example sold in our Auction 35, Lot 905.

120. **UMAYYAD:** AE fals (3.96g), Nasibin, AH92, A-A194, W-P.145, palm branch below obverse, mint name after the date in the reverse margin, very rare mint, lovely full strike, VF-EF**, RR** $140 - 180

123. **UMAYYAD:** AE fals (1.46g), al-Daybul, AH118, A-199D, new variety for this mint, with *amar Allah bi'l-wafâ wa'l-'adl* in the obverse field, *muhammad rasul Allah* in the reverse field with the mint/date formula in the reverse margin, thus different from the AH117 pieces that appeared in our previous auctions, the first known example of this subtype, F-VF**, RRR** $260 - 350

Nice piece, with much less porosity compared to the AH117 examples.

124. **UMAYYAD: Anonymous**, ca. 720s-740s, AE fals (2.38g), al-Jûzjân, ND, A-J202, obverse text *bism Allah / ja'iz,* reverse text *duriba bi'a- / -l-jûzjân*; region and city located on the trade route between Marw and Balkh, almost no porosity on this piece, VF**, RRR** $200 - 300

171. **ALMOHAD: Abu Ya'qub Yusuf I**, 1163-1184, AV dinar (4.49g), NM, ND, A-A483, correct legends for Yusuf I, but much cruder than normal issues in his name, probably a later imitation, possibly as late as the time of Abu Hafs 'Umar (1248-1266), crinkled surfaces and pierced twice, VF $300 - 350

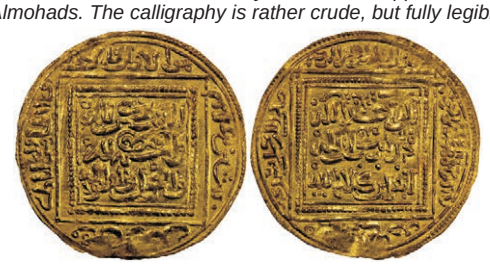

172. **ALMOHAD: Abu Ya'qub Yusuf I**, 1163-1184, AV ½ dinar (2.29g), NM, ND, A-483, somewhat uneven surfaces toward the centers, F-VF $150 - 180

173. **ALMOHAD: temp. Abu Hafs 'Umar**, 1248-1266, AV dinar (4.63g), NM, ND, A-491var, a coin of historic significance, as all legends are identical to the normal dinars of Abu Hafs 'Umar (Hazard-533), except that his name in the obverse margin is replaced by *abu ya'qub yusuf,* the long deceased Almohad ruler, who is almost always cited in the reverse margin of all issues of Abu Hafs 'Umar, VF-EF**, RRR** $550 - 650

Abu Hafs was in conflict with the rising Merinids, who ultimately destroyed the Almohads just three years after Abu Hafs' death. This piece may have been struck by supporters of the Merinids in some remote Moroccan location or by other forces opposed to the Almohads. The calligraphy is rather crude, but fully legible.

174. **MERINID: temp. Abu Yahya Abu Bakr**, 1244-1258, AV dinar (4.68g), NM, A-520, mount removed, lovely calligraphy, EF $325 - 400

Elhadri has reassigned this anonymous type to Abu Ya'qub Yusuf (1286-1307), convincingly arguing that no gold coins were struck during the reign of Abu Yahya Abu Bakr.

188. **FATIMID: al-Mu'izz**, 953-975, AV dinar (4.07g), Misr, AH363, A-697.1, Nicol-368, VF $220 - 240

189. **FATIMID: al-Mu'izz**, 953-975, AR dinar (4.03g), al-Mahdiya, AH364, A-697.1, Nicol-478, full mint & date, nearly VF**, S** $260 - 300

190. **FATIMID: al-Mu'izz**, 953-975, AR full dirham (2.82g), al-Mahdiya, AH343, A-X699, cf. Nicol-483 for the half dirham of the same mint & date, VG-F**, RRR** $120 - 160

193. **FATIMID: al-'Aziz**, 975-996 (AH365-386), AR imitative dirham (2.51g), A-—, local imitation, theoretically derived from a coin or other object of al-'Aziz; typical calligraphy of his period, mint name quite clearly *misr* and a date likely derived from either AH382 or 386; in our opinion this is likely of North African origin struck after death of al-'Aziz, possibly by several decades, VF**, RRRR** $300 - 400

The reverse center cites al-'Aziz by his kunya Abu'l-Mansur; the reverse center legend is uncertain, with "Allah" at the top and uncertain word(s) below. The North African territories west of Tunis were lost to the Fatimids by the time of al-'Aziz, and only a small area was brought under control of the Umayyads of Spain, with the rest falling into the hands of numerous petty states, nearly all of which never struck coins. The quality of this piece resembles both Fatimid and Spanish Umayyad styles.

194. **FATIMID: al-Hakim**, 996-1021, AR dinar (4.19g), Misr, AH387, A-709,2, Nicol-1073, lovely strike, VF-EF $280 - 325

Mongol Dynasties

317. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AR dirham (3.16g), [Ghazna], ND, A-1967, inscribed *al-'adil / al-a'zam / chingiz khan,* citing Chingiz Khan by name, the caliph al-Nasir cited on the reverse; Zeno type A2/B2, superb EF $800 - 1,000

318. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AR dirham (3.14g), NM, ND, A-1967, Zeno type A3/B2, inscribed *al-Æadil / al-aÆzam / chingiz khan,* thus citing Chingiz Khan by name, bold, well-centered strike, lightly cleaned, EF**, R** $500 - 750

It has recently been suggested that this type was not necessarily struck at Ghazna, but by the Mongol military after it departed from Ghazna when chasing Mangubarni towards the Indus River, with minting equipment brought along from Ghazna.

319. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (4.03g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, also showing the mint name in the reverse margin, crude EF**, R** $300 - 375

320. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (4.41g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, reverse double-struck, crude EF**, R** $220 - 240

321. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (3.34g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, reverse double-struck, crude EF**, R** $190 - 220

322. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (3.10g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, usual weakness, crude EF**, R** $180 - 220

323. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (2.87g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, usual weakness, crude EF**, R** $170 - 200

324. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (4.88g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, usual weakness, crude VF-EF**, R** $240 - 300

325. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (4.94g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, usual weakness, crude VF-EF**, R** $240 - 300

326. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (4.29g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, weak on this piece, but confirmed by die-link, about 20% flat, crude VF-EF**, R** $220 - 260

327. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (5.58g), Badakhshan, ND, A-A1967, same obverse die as Zeno-52642, kalima // the caliph al-Nasir; mint name above the obverse, weak strike, crude VF**, R** $280 - 300

328. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (5.93g), ND/DM, A-A1967, kalima // the caliph al-Nasir; citing only the epithet of the mint name *dar al-nasr* in the reverse margin, about 30% flat, crude EF**, RR** $300 - 350

The style suggests it was minted at Badakhshan.

329. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (3.65g), NM, AH(6)18, A-V3705, kalima // the caliph al-Nasir; same obverse die as Lot 1243 in our Auction 35 and Zeno-169146 & 219659, with the last two letters of the date fully legible, about 15% flat, EF**, RRR** $300 - 400

330. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AV dinar (5.23g), NM, AH6(18), A-V3705, kalima // the caliph al-Nasir; same dies as Lot 329, which completes the date, about 10% flat, EF**, RRR** $300 - 400

Lot 329 and 330 were most likely struck at Badakhshan, as they are stylistically so similar to some dinars engraved with that mint name (cf. Zeno-181537, where the mint name is legible).

331. **GREAT MONGOLS: Güyük**, 1246-1249, AR fractional dirham (1.04g), NM, ND, A-1976K, Zeno-121121, Khooboo Ongi tamgha, with unread legend around // first half of kalima in 2 lines, usual weakness, F-VF**, RR** $180 - 220

332. **GREAT MONGOLS: temp. Kublai Khan**, 1264-1294, AE jital or fals (3.01g), ND, A-3777K, legend *ordu / al-a'zam*, trace of mint formula around // Tibetan character *mam* in center; assigned by P. Petrov to the region of Khotan, which lies en route to Tibet, unpublished and probably unique, crude VF**, RRRR** $200 - 300

333. **GREAT MONGOLS: Anonymous**, ca. 1220s-1240s, AV dinar (3.96g), Samarqand, ND, A-B1967, broad flan, crude strike from harshly cleaned dies, mint name below obverse, VF**, R** $260 - 325

334. **GREAT MONGOLS: Anonymous**, ca. 1240s-1260s, AE jital (3.85g), NM, ND, A-3840.1, Shi'ite kalima (with *'ali wali Allah*) // unread three-line Arabic legend, appears to be the first reported specimen and the first known Shi'ite jital of the Great Mongols, VF**, RRR** $140 - 200

335. **GOLDEN HORDE: Jani Beg**, 1341-1357, AR dinar (4.13g), Amul, AH758, A-2028A, struck by the local Afrasiyabid ruler in the name of Jani Beg, during the Golden Horde invasion of Iraq, lovely strike, EF $500 - 600

Another example from the same pair of dies was sold in our Auction 41, Lot 566.

336. **GOLDEN HORDE: Kunche Khan**, 1379-1393, AR dirham (1.10g), Balad Sighnaq, AH(7)82, A-D2047, Zeno-170882, *lillah* in center, ruler's name around (mostly off flan), mint & date on reverse, VF**, RRR** $140 - 180

Zeno-170882 was sold in our Auction 26, Lot 511, the only example of the central "lillah" type illustrated on Zeno.

337. **ILKHAN: Hulagu**, 1256-1265, AV dinar (5.27g), al-Mawsil, AH6(6)3, A-2121.1, citing the deceased Great Mongol Möngke as Mangû, which means "wealth" or "gift of God" as the Greatest Qa'an and Hulagu as the Great Ilkhan, partly double-struck, EF**, RR** $600 - 800

338. **ILKHAN: Hulagu**, 1256-1265, AR dirham (2.84g), Baghdad, AH661, A-2122.1, citing the Great Mongol overlord Möngke posthumously, after his death in AH657, finest style, EF**, R** $140 - 180

339. **ILKHAN: Hulagu**, 1256-1265, AR dirham (3.08g), Dimashq, AH658, A-2124, fully legible mint & date, extremely rare type for this mint, Mongol conquest coin, on which Hulagu is described as "the conqueror of the coast (al-basita) by the grace of his brother Möngke, the Great Qa'an", excellent example with minimal weakness for this type, VF-EF**, RRR** $400 - 500

The coast refers to the Mediterranean, which of course the Mongol army never quite reached! Hulagu occupied Damascus for three months in AH658.

340. **ILKHAN: Abaqa**, 1265-1282, AV dinar (6.16g), Baghdad, AH676, A-2126.1, bold mint & date, lovely VF-EF**, R** $500 - 600

341. **ILKHAN: Abaqa**, 1265-1282, AV dinar (8.74g), Kashan, AH678, A-2126.1, obverse only in Arabic, date weak, but certain, bold mint name, very rare mint for Abaqa's gold coinage, strong VF**, RR** $600 - 800

342. **ILKHAN: Abaqa**, 1265-1282, AV dinar (2.80g), Is(fahan), AH6xx, A-2126.1, only the first 2 letters of the mint visible, but confirmed by die-link to Lot 1321 in our Auction 35 (same reverse die), EF $500 - 600

343. **ILKHAN: Abaqa**, 1265-1282, AV dinar (5.84g), Madinat Yazd, DM, A-2126.2, obverse only in Uighur, bold mint name, but date almost entirely off flan, lovely VF**, RR** $500 - 600

344. **ILKHAN: Anonymous Qa'an al-'Adil**, ca. 1245-1284, AV dinar (3.37g), NM, AH671, A-G2132, *qa'an / al-a'zam / al-'adil* in the obverse field, the kalima and date in words within the reverse field, style of the Amul mint, as sold in our Auction 41, Lot 586, VF-EF**, RR** $240 - 300

345. **ILKHAN: Anonymous Qa'an al-'Adil**, ca. 1245-1284, AV dinar (2.58g), NM, ND, A-G2132, *qa'an / al-a'zam / al-'adil* in the obverse field, the kalima within the reverse field in ornate arrangement, possibly also of the Amul mint in Mazandaran, crude VF-EF**, RR** $240 - 300

346. **ILKHAN: Arghun**, 1284-1291, AV dinar (4.46g), Tabriz, AH685, A-2144, bold date, EF**, R** $260 - 350

347. **ILKHAN: Arghun**, 1284-1291, AV dinar (4.48g) (Tabriz), AH6xx, A-2144, bold VF $240 - 300

Uncertain reverse marginal legend, definitely not the usual date formula, with only "Abd Allah" clear, possibly a reference to a local governor.

349. **ILKHAN: Arghun**, 1284-1291, AV dinar (7.18g), Kazirun / Abu Ishaq, AH685, A-2144B, mint cited as Kazirun in the obverse margin and by its epithet Abu Ishaq in the reverse field, lovely well-centered strike on broad flan, VF**, RRR** $550 - 700

Both Kazirun and Shiraz remained technically under Salghurid rule, together with an Ilkhan governor, until the death of Queen Abish in AH684. This is the earliest purely Ilkhan coin of Kazirun, better known for Shiraz. Kazirun is much rarer than Shiraz, with no example of Kazirun on CoinArchives.

350. **ILKHAN: Gaykhatu**, 1291-1295, AV dinar (4.19g), MM, AH693, A-2158, likely Tabriz mint by style, VF-EF $200 - 250

425. **GOVERNORS OF SIND: al-Hakam b. 'Awâna**, ca. 730-740, AR damma (0.35g), A-4502, FT-CS3, obverse *muhammad / rasul / Allah,* reverse *amara bihi / al-hakam bin / 'awana,* local calligraphic style, much rarer than type A-4501 of the same governor, VF**, RRR** $140 - 170

426. **GOVERNORS OF SIND: Yazid b. 'Umar al-Fazari**, ca. 740s, AR damma (0.38g), A-4504, FT-CS4, obverse just *al-'izza / lillah,* reverse *yazid bin / 'umar*, VF**, RRR** $110 - 150

An important servant of the Umayyads, Mansur b. Jumhur is well attested, and was even briefly governor of Iraq in AH126 (743-744). His full name "mansur bin jumhur" appears on Umayyad fulus of the Zaranj mint in Sistan.

430. **GOVERNORS OF SIND: Farâs**, before 850, AR damma (0.23g), A-4523, FT-CS23, legends *Allah wali / farâs (?) / wa nasiruhu // muhammad / rasul / Allah,* the finest example we have seen for this enigmatic type, VF**, RRR** $110 - 150

This important piece, along with Lot 1152 in our Auction 36, confirms that the governor's name cannot be 'Abbâs, as I previously suggested, as the first letter is either Arabic "F" or "Q", with no other letter before. We have been unable to find a name in the chronicles that fits this name. The weight standard and style of this type suggests a late Abbasid governor, shortly before the Habbarid takeover circa 854.

431. **GOVERNORS OF SIND: Unknown governor**, ca. 850s, AR damma (0.28g), A-—, FT-CS—, obverse legend uncertain, something like *'abd / Allah / …sâma, //* standard *muhammad / rasul / Allah,* with a symbol below *rasul,* stylistically similar to the issues of the last governors of Sind and the first issue of the Habbarid 'Umar I (FT-HS1), VF-EF**, RRR** $130 - 170

Humayun's military forces did enter into Assam, and this coin was perhaps a regular Mughal issue, but more likely a local issue accepting Mughal authority. The coarse calligraphy suggests the latter.

445. **MUGHAL: Humayun**, 1530-1556, AR light shahrukhi, Qandahar, ND, A-G2464, struck to the local standard used only at Qandahar, which should be about 3.9g, but weight not recorded on the slab, a lustrous mint state example! NGC graded MS62 $150 - 200

Another example of this medal (see our Auction 23, Lot 1766) bears a sticker on its reverse, which reads in English, "Medal - distributed by the King of Coorg among his soldiers in consequence of recent success, 1834 […] — 1851". The king refers to Chikka Virarajendra, who led a brief but bloody uprising against the British in 1834 and was subsequently deposed, his kingdom annexed. One source translates the inscription briefly as "This humble person has sent this (other) person for war without provisions except the blessings, so his sponsorship is a must for you." If this translation is to be believed, it is likely that this medal was issued by Chikka Virarajendra to allow his soldiers to ask for provisions in his name.

From as early as 1806 the East India Company had hoped to achieve a single currency for all of its Indian Presidencies. This was achieved in 1833 when the rupees of Bengal moved into line with those of Madras and Bombay. After some experimentation in 1834 by Act XVII of 17 August 1835, the Company moved forward towards a uniform coinage, not only of weight standard, but also of design. Under the new system the silver rupee was legal tender. The gold double mohur and mohur coins, although initially passing at 30 and 15 rupees, were to float in terms of the rupee according to the metal market. The gold coins were not legal tender.

Chou Hsi-ch'eng (Zhou Xicheng) was the provincial warlord and governor of Kweichow (Guizhou) from 1926 to 1929. During his brief tenure, he focused heavily on education and modernizing the province through public works, and was responsible for the province's first machine-struck coin. This fascinating issue commemorates the completion of the Kweichow Provincial Highway, the first modern roadway in the mountainous and impoverished province. It went north and west from Kweiyang (Guiyang), spanning some 220 kilometers. An American engineer, O.J. Todd, who assisted in the project, wrote a book about his work in China that included photographs of Governor Chou and his car, an American model purchased in Canton. Due to Kweichow's inaccessibility, the car had to be taken apart, carried on horseback, and reassembled. It was the first car in the province, and Chou would often drive it around the capital city, drawing huge crowds. So when he decided to mint Kweichow's own silver dollar (on machinery looted by his soldiers from the Chungking Mint according to Bruce Smith), it was an eccentric but appropriate choice to feature his prized personal automobile on the road he built. If you look carefully, you can see his personal name of Hsi-ch'eng (reading from right to left) hidden among the grass.

In July 1949, the Nationalist Government introduced the silver yuan, which was initially worth 500 million gold yuan. It circulated for a few months on the mainland before the end of the civil war. This currency reform helps to explain the large size planchet for a half cent denomination.

Sikang (Xikang) was a province of the Republic of China comprising most of the Kham region of traditional Tibet, where the Khampa, a subgroup of the Tibetan people, live. The eastern part of the province was inhabited by a number of different ethnic groups, such as Han Chinese, Yi, Qiang people and Tibetan, while the western part of the province was inhabited by Tibetans. Sikang, then known as Chuanbian, was a special administrative region of the Republic of China until 1939, when it became an official province. The provincial capital was Kangding from 1939 to 1951 and Ya'an from 1951 to 1955. In 1950, following the defeat of the Kuomintang by the Communists in the Chinese Civil War, Sikang was split along the Yangtze into Sikang to the east and a separate Chamdo Territory to the west. Chamdo was merged into Tibet Autonomous Region in 1965. The rest of Sikang was merged into Sichuan in 1955.

The First East Turkistan Republic, officially the Islamic Republic of East Turkistan, was a short-lived breakaway would-be Islamic republic founded on 12 November 1933. It was centered on the city of Kashgar in what is today the Xinjiang Uyghur Autonomous Region in China. 870. **SUDHAMMAPURA:** 7th century, AR unit (9.60g), Mahlo-24c, Mit-535/39, lotus wheel with 12 spokes // srivatsa with crescent moon in center, EF**, RR** $200 - 300

Mahlo assigns this type to the Kyaikto/Thaton region.

871. **BURMESE KINGDOMS: Anonymous**, 17th-18th century, octagonal cast large tin coin (22.94g), Millies-230, Robinson-Pl. 20, No. 2, 62mm; knotted dragon right, no dots or other symbols below the dragon // 3-line Burmese legend with Chinese-style square in the center (legend B6); much weakness on the obverse, strong reverse, several tiny casting defects near the edge, crude VF**, RRRR** $200 - 300

This type was originally illustrated by Tavernier in his publication in 1678 and may be the earliest of all large tin coins of Tenasserim. The same image was republished by Millies and Robinson, as cited here.

872. **TENASSERIM-PEGU: Anonymous**, 17th-18th century, lead weight (525g), Robinson Plate 5.3, and the Phayre #2 (Robinson Plate 6.2), 75mm; stylized hintha bird, with fancy tail, long beak, and curled crest // complex Burmese-Mon legend in 7 lines (never deciphered), both sides with broad raised margin, EF**, RRR** $300 - 450

Cast with the same obverse mold as Lot 1854 in our Auction 35, to which this is almost exactly the same weight. This piece is also heavier than all previously reported specimens (heaviest on Robinson Plate 5.4 at 456.85g), and certainly another one of the finest known, with most of the peculiar legend well-preserved.

873. **BURMESE KINGDOMS: Anonymous**, perhaps 8th/10th century, AV unit (2.10g), srivatsa with 9 pellets inside, one pellet left and two pellets right, derived from Srikshetra reverse (cf. Mahlo-14) // decorated trident in center, upside-down nandipada left and imitative Greek monogram left, meaningless imitation of Greek or kharosthi legend around, unpublished and probably unique, choice EF**, RRRR** $400 - 500

Found in the Thabeikkyin region along the Irrawaddy River north of Mandalay, thus in the Halin region. The reverse seems to have been derived from the billon coins of the Indo-Scythian Aspavarma (Senior-183), with the deity replaced by the decorated trident.

In 1802 Ceylon was made a British Crown Colony, and, by the Treaty of Amiens with France, British possession of maritime Ceylon was confirmed. The first coinages struck for the island under British rule consisted of copper and silver, both minted locally. The silver coins commenced a little later than the copper, but like the copper, they were struck by contractors until the founding of the Ceylon Government Mint in 1811.

Nasir al-Din Shah was assassinated a few weeks before the 50th anniversary celebration was to have taken place. In our opinion, this is a later restrike from the 1920s or 1930s from the original dies, which show light die deterioration, especially towards the rims, but edge appearance typical of the Tehran mint at that period.

William Sidney Smith (1764-1840) was a British admiral who lead the defeat of Napoleon's forces at the city of Acre in Palestine, then within the Ottoman Province (Vilayet) of Beirut. This victory prevented the French forces from invading Syria, a debacle that quickly led to the hapless French withdrawal from Egypt. This medalet is best known in bronze, and of the greatest rarity in lead. The only example on CoinArchives is bronze, sold in Baldwin's Auction 98, Lot 2511, in 2016, a specimen that was originally sold from our pricelist 110, Lot 102, in 1994. 1110. **HEJAZ: al-Husayn b. 'Ali**, 1916-1924, AV dinar hashimi, Makka al-Mukarrama (Mecca), AH1334 year 8, KM-32, Schön-12, "King of Arab Lands" type, NGC graded MS62**, RRRR** $150,000 - 250,000

To our knowledge, only four pieces bearing the legend "Malik al-Bilad al 'Arabiya" ("King of the Lands of Arabia") are known to exist today. It is said that this regal legend claiming sovereignty over the Lands of Arabia outraged other Arab leaders, in particular King 'Abd al-'Aziz, then ruler of the Nejd. In order to placate his critics, al-Husayn b. 'Ali ordered that the offending legend be amended to "The Renaissance of the Lands of Arabia", which can be seen on the more commonly encountered types such as Lots 1108 and 1109.

The small silver fractions of the second series (para and 5 para) are much rarer than the three larger pieces (20 para, 40 para, and 60 para), seldom offered for sale and missing from the important collection sold by Künker in 2013 (Auction 234), Sincona in 2013 (Auction 12) and from the Dick Nauta collection sold in our Auction 40.

1194. **CRIMEA: (GIRAY KHANS): Shahin Giray**, 1777-1783, silverwashed AE pattern (51.98g), Kaffa, AH1191 year 5, A-—, Sariev-459 (this piece), 3rd series, toughra // mint & date, oblique reeding; pattern for an undetermined denomination, possibly the ischal (tschal), though the silverwash suggests that it might be a pattern for crown-size silver coin that was never issued; probably unique and apparently unknown to Retowski, VF-EF**, RRRR**, *ex Künker Auction 234 Lot 6585* $3,000 - 3,500

A mint was set up in Sadogura in Ukraine by the Baron von Asch, which struck coins for Moldavia & Wallachia 1771-1774, then moved the minting machinery to Kaffa circa 1779 or 1780 to strike coins for Shahin Giray, essentially copper coins (with a minuscule added silver), plus a few gold & silver medals. According to Lutz Ilisch, the mint operated for only about ten months, mainly in regnal year 5 and briefly into the year 6. Sariev reckoned the coin as the tschal, citing this piece as 81.98g, which would be appropriate for the tschal, but the weight was correctly stated in the Künker auction as 51.92g (sic), far too light for the tschal.

These exceptionally rare matte proof finish coins were struck especially at the Royal Mint for photographic purposes, from around the mid-1920's until as late as the mid-1970's. As flash photography was used to illustrate promotional material, the brilliant Proofs caused too much reflection in the resulting image at this period of time to be acceptable and it was much easier to literally strike a few examples with a satin matte finish, so as not to reflect the flash in days before digital imaging was possible.

The Battle of Greece (also known as Operation Marita, German: Unternehmen Marita) is the common name for the invasion of Allied Greece by Fascist Italy and Nazi Germany during World War II. The Italian invasion in October 1940, which is usually known as the Greco-Italian War, was followed by the German invasion in April 1941. German landings on the island of Crete (May 1941) came after Allied forces had been defeated in mainland Greece. These battles were part of the greater Balkan Campaign of the Axis powers and their associates.

The extraordinary reverse Latin legend, Cordoba bis optinuit ("Cordoba twice obtained"), commemorates Leovigild's recapture of the city in 584 during the failed revolt led by his son, Hermenegild. The Visigothic king had previously captured the city from the Byzantine Empire in 572, during an illustrious reign that saw him conquer almost the entire Iberian peninsula.

Struck from the same reverse die as the example at the State Hermitage Museum in St. Petersburg, Russia. We cannot find another example of this type in an auction.

The Swedish crown's coffers were soon emptied after Erik XIV had acceded the throne in 1560. The silver coins contained gradually less silver through the 1560s and coin production was not quick enough to pay the country's expenses. Square-cut coins, called 'Klippes' reduced production time considerably and large numbers of Klippe coins with denominations 16, 8, 4 and 2 öre were produced from 1562-68.

1337. **SWEDEN: Adolf Frederick**, 1751-1771, AE ½ daler silvermynt (386g), 1755, KM-PM80, Opitz p.255 (plate example), 116 x 92mm, "plate money" issue, some light scratches, a very nice example, EF , *ex Charles Opitz Collection* $300 - 500

From 1624, daler were issued in copper as well as silver. Because of the low value of copper, large plate money (plåtmynt) was issued. These were rectangular pieces of copper weighing, in some cases, up to several kilograms. They circulated until 1776. As silver became scarce, the silver daler rose in value relative to the copper daler, with the exchange rate between the two eventually being set at a ratio of 3 to 1. Denominations in copper money were marked K.M. or KMT, with S.M. or SMT denoting silver money. The cumbersome size and weight of plate money eventually prompted Sweden to become the first country in Europe to issue banknotes.

1462. **TUNISIA:** SET of 14 silver trial strikes, trial strikes for each of the 7 denominations of regular coinage: silver trial strikes of the normally aluminum 1, 2, and 5 millim (KM-280-282, all dated 1960) and the normally brass 10, 20, 50, and 100 millim (KM-306-309, dated 1960/AH1380, except for the 50 millim which is dated 1983/AH1403), uniface obverse and uniface reverse of each denomination, all in silver, thus a total of 14 pieces; all struck on polished planchets and all in choice Uncirculated condition, **set of 14 pieces** $800 - 1,000

This series is known in both silver, like this set, and in gold, but none are reported for the original base metals. It is believed that they were struck at the Kremnica Mint in Slovakia, but the actual date of production is unknown; the earliest examples recorded on CoinArchives were sold in 2013, representing 3 sets in silver, 2 sets in gold, one partial set in gold, and some lots containing only two pieces, the uniface obverse & reverse of a specific denomination. The 1 & 2 millim (millièmes) are dated 1960 only, the 5 millim until 1996, then replaced by a slightly different design in 1997; the 10, 20, 50 & 100 millim until at least 2017 or 2018, though around 2010 the metal content was changed from brass to brass-plated steel. The 10 through 100 millim were dated first in 1960, then in 1983, with the next year 1993 for all four. There are two minor variations for each of the 1983 20, 50 & 100 millim coins, the first where the number "1" of the Hijri date 1403 points directly below the apostrophe above (large date), the second where it point to the right of the apostrophe (small date). On the 50 millim trial strike obverse the "1" points right of the apostrophe. This would suggest that the trial set was intended to represent the second series dated 1983 (and the continuation of the frozen-dated 1, 2, and 5 millim of 1960), thus at some time between 1983 and 1992. However, it remains undetermined why these were struck and for what purpose. Could these have been presentation pieces struck at the Kremnica Mint to demonstrate their ability to the Tunisian government?

United States of America

1596. **UNITED STATES:** AE slave hire badge (9.47g), 1846, Greene p.120-34, 56mm, diamond-shaped flan with clipped edges and piercing (as made), stamped with CHARLESTON / PORTER / 1846 and punched with the badge number 1102, EF, **RR**, *ex Charles Opitz Collection* $2,000 - 2,500

While the slave hire system existed across the Antebellum South, only Charleston, "the Jerusalem of American slavery, its capital and center of faith", issued physical badges from the late 18th century until the final days of the Confederacy. Each year, slaveowners could pay a fee to the city to apply, which would allow a slave to be hired out for jobs ranging from servant and porter to fisherman and mechanic. The latter would be required to wear his or her own badge at all times, or face a fine, lashings, or conscription to a public workhouse. Though the slaves would usually only receive a small portion of the pay, the money and the right to travel around the city gave them a measure of freedom beyond the confines of their homes. It also aroused the jealousy and hatred of poor white laborers, who could not compete with the slaves' low wages, as well as indignant citizens who protested bitterly in the city's newspapers about the moral dangers of allowing them too much freedom.

This lot is accompanied by "Slave Badges and the Slave-Hire System in Charleston, South Carolina, 1783-1865" (Greene et al., 2004), courtesy of the consignor.

The childlike Hercules on the back embodies the young American Union of 13 colonies, which fights its enemies under the protection of France (= Minerva with a lily shield). The lion stands for Great Britain; the retracted tail identifies him as a coward. The two snakes Hercules wrestles with represent the battles of Saratoga (1777) and Yorktown (1781), noted by dates in the exergue.
Benjamin Franklin conceived this medal and arranged for it to be produced, of which originally 300 pieces were minted in bronze, 55 pieces in silver and also two pieces in gold - for Louis XVI and Marie Antoinette. His correspondence shows that the production of the dies was completed in March 1782. A few letters have survived from the spring of 1783 relating to Franklin’s donation of the medals to various dignitaries. The medals were probably made in the course of 1782 or early 1783.

The designer and engraver was Edward Hulseman, and the coin was privately produced by H.M. & E.I. Richards of Attleboro, Massachusetts. An obvious error on Hulseman's part was to misspell the denomination as "Hapa Haneri" instead of "Hapa Hanele." Opitz divides African metal currencies into 3 rough catergories based on their utility. The first category includes objects where the distinction between their use as tools and use as money is minor. The second category includes those that retain their original shape, but are made of a finer, perhaps less practical material. Objects in the last category have completely lost their shape as practical tools and instead have a standardized weight and size, and are therefore strictly a currency. As metal was a scarce commodity in Africa before the 20th century, all three categories were considered extremely valuable and widely used in exchanges.

ex Charles Opitz Collection $200 - 250

The potlatch was a fundamentally competitive gift-giving ceremony among the indigenous people of the Canadian Pacific Northwest. Through the gifting, or sometimes outright destruction of one's own property (e.g., slashing up one's otter pelts, killing one's slaves), an individual publicly displays his own wealth, thereby reaffirming both

his horizontal lineage and vertical hierarchy of rank. These ceremonies, which can take many years to prepare, also allowed tribes to settle old debts and scores through such competitions in lieu of conflict and bloodshed.

Tevau (teau) feather coil money is composed of some 50,000 to 60,000 red feathers of the scarlet honeyeater bird (Myzomela cardinalis). It was used as a currency in bridal transactions and for other large expenditures on the Islands of Santa Cruz in eastern Melanesia. Depending on the condition and the visibility of the red feathers, the coils were valued differently. A first-grade coil had to be brilliantly red. Until the mid-20th century, the bride price was ten coils of different grades. For that, some families ran up debts for the rest of their lives. Only hereditary currency binders were authorized to make feather coils. A full coil could take them 500 to 600 man-hours, making it prohibitively expensive. It ceased to be used as money in the late 1970s, but continues to serve as indicators of value and objects of prestige to this day.

TERMS OF SALE

1. Auction Basics. This is a public auction sale conducted by California bonded auctioneers, Stephen Album Rare Coins Inc. (hereinafter referred to as "Auctioneer"). Bidding in this Auction constitutes acceptance by you (the "Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction consigned by the consignor or by other consignors pursuant to their consignment agreement. The Auctioneer reserves the right to include in any auction sale its own material. Bidder acknowledges and agrees that the Auctioneer may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting there from is expressly waived by all participants in the Auction. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stephen Album Rare Coins Inc. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stephen Album Rare Coins Inc. is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stephen Album Rare Coins Inc. and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. Stephen Album Rare Coins Inc. does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or their agent, a Bidder by mail, telephone, internet or fax, or any other participant in the Auction. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in his or her sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid or pre-sale internet bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces it.

Absentee bids may be placed by fax, mail, email, or by telephone. Online bidding is also available on www.iCollector.com. Follow the link on our website, www.stevealbum.com in order to bid online. Your bids will be treated as a maximum bid. The winning bid will be one increment above the next highest bidder, or at the starting bid.

Stephen Album Rare Coins Inc. is not responsible for any errors in bidding. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stephen Album Rare Coins Inc. reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction.

4. Buyer's Premiums and Payments. A Buyer's Premium of twenty percent (20.0%) will be added to the hammer price for each lot to all successful bids. Accepted payments are by Visa, MasterCard, American Express, PayPal, cash, cashier's check, money order, approved personal check or bank wire transfer. If the purchaser pays by credit card (including credit-debit cards) or by PayPal, an additional service fee of three percent (3.0%) will be added. This service fee will apply to the hammer price, buyer's premium, shipping, and sales tax. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction (the "Default Date"), without exception, time being of the essence, unless otherwise agreed in writing prior to the Auction. Any bidder who does not pay within the standard deadline of fourteen (14) calendar days, regardless of any approval of alternative payment arrangements, may be considered a negligent payer and may be subject to increased scrutiny and additional requirements in order to participate in future auctions. If a credit card is provided before the sale, Stephen Album Rare Coins reserves the right to charge your credit card for the total of your auction purchases if payment has not been received within the fourteen (14) calendar days deadline. All auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Personal checks must clear our bank before lots are delivered. Bounced or returned checks are subject to a $35 fee.

Payments by PayPal are restricted to a maximum of $5,000 per client. Payments by credit card are restricted to a maximum of $10,000 per invoice. If a credit card has been used to pay for one invoice from the auction, it may not be used to pay for another invoice in the auction, regardless of the total amount of either invoice. We reserve the right to modify these payment limits, and we reserve the right to refuse payment by credit card or PayPal at our discretion, in which case a bank wire, check, or cash equivalent will be required.

Please contact Stephen Album Rare Coins Inc. for wiring instructions. Please inform us after bank wire has been sent. Please be advised that payments coming by wire transfer usually only take a few days to arrive, but in rare cases they can take up to a few weeks to arrive due to US government regulating, resulting in a delay of shipment of your lots. Lots will not be shipped until your full payment has arrived in our bank account. There is a $15 fee for all bank wire transfers.

Stephen Album Rare Coins Inc. reserves the right not to release lots for which funds have not yet been received in full. On any past due accounts, Stephen Album Rare Coins Inc. reserves the right, without notice, to extend credit and impose carrying charges of 1% per month. Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stephen Album Rare Coins Inc. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stephen Album Rare Coins Inc. reserves the right to require a written guarantee of such payments and obligations.

Lots are not available for pickup during the auction. Lots may be available for on-site pickup on the Monday following the sale if a formal request for pickup is provided by the Buyer before the auction, during the auction, or within 1 hour of the close of the final lot on the final day of the auction. We reserve the right to refuse this request for pickup, at our discretion. For on-site pickup, we will only accept cash or a bank transfer. If paying by bank transfer, the funds must reach our account before we will allow you to collect your lots.

5. Credit. Bidders who have not established credit with Stephen Album Rare Coins Inc. must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction session(s) or such other amount as Stephen Album Rare Coins Inc. may, in its sole and absolute discretion, require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

6. Shipping and Insurance. It is the Buyer's responsibility to contact Stephen Album Rare Coins Inc. after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stephen Album Rare Coins Inc. may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. All state taxes, postage, shipping, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stephen Album Rare Coins Inc. no later than thirty (30) days after payment. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Delivery outside the USA will be by USPS registered mail, express mail or by FedEx and will include insurance on all shipments up to $50,000. Buyers will be billed additional insurance charges on a shipment or combined shipments valued at above $50,000. Any claims of loss or damage will only be paid by Stephen Album Rare Coins Inc. only after the insurers' investigation is complete. If the Buyer opts for another form of shipment other than the above, items will be shipped at their risk and they will assume all risk due to theft, damage or loss. A Buyer opt out of the Stephen Album Rare Coins Inc. standard shipping listed above must be in received in writing before shipment will be made.

Stephen Album Rare Coins Inc. cannot accept any responsibility whatsoever for customs duties charged by the country of destination or seizure of items by customs, domestic or foreign.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California without a valid Resale Certificate which has been provided to the Auctioneer. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of One Thousand Five Hundred Dollars ($1,500) are exempt from California sales tax. On any tax not paid by Buyer that should have been paid, even if not collected by Stephen Album Rare Coins Inc. by mistake, error, negligence or gross negligence, Buyer remains liable for and agrees to promptly pay the same on demand together with any interest or penalty that may be assessed.

7. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stephen Album Rare Coins Inc. reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stephen Album Rare Coins Inc., in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stephen Album Rare Coins Inc. to satisfy the indebtedness, plus all accrued charges, and Stephen Album Rare Coins Inc. may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stephen Album Rare Coins Inc. If the Auctioneer resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stephen Album Rare Coins Inc. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stephen Album Rare Coins Inc., including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stephen Album Rare Coins Inc. for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stephen Album Rare Coins Inc., or assignees, the right to offset any sums due, or fund to be due to Stephen Album Rare Coins Inc., and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of the Auctioneer or from any sums due to Buyer by Stephen Album Rare Coins Inc., its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stephen Album Rare Coins Inc., or its assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stephen Album Rare Coins Inc., its affiliates or assignees, to secure all indebtedness due to Stephen Album Rare Coins Inc., plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stephen Album Rare Coins Inc. the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stephen Album Rare Coins Inc. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one percent (1%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stephen Album Rare Coins Inc. or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction. Stephen Album Rare Coins Inc. reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stephen Album Rare Coins Inc. shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

8. Disclaimer and Warranties.

Any variation or alteration shall be effective only if in writing and signed by an officer of Stephen Album Rare Coins Inc. authorized to do so.
g) Bidders shall have no recourse against the Consignor for any reason whatsoever.
h) Bidder acknowledges that the coin market is speculative, unregulated and volatile, and that coin prices may rise or fall over

It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:
"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stephen Album Rare Coins Inc. reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stephen Album Rare Coins Inc. reserves the right to cancel or postpone the Auction or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stephen Album Rare Coins Inc. nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction are personal and apply only to the Bidder who initially purchases the lot(s) from Stephen Album Rare Coins Inc.. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions.

11. General Terms. These Terms and Conditions of Auction and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction. Any dispute arising out of or related to these Terms of Sale, the Auction or any lot, with the sole exception of actions by Stephen Album Rare Coins Inc. to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the International Association of Professional Numismatists (I.A.P.N.). If any section of these Terms of Auction or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stephen Album Rare Coins Inc. may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

12. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on your bid sheet. This is a personal service and a Stephen Album Rare Coins Inc. representative will personally attend to your bid sheet by bidding from the auction book, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly.

13. Floor Bidding. We reserve the right to refuse to allow a person to attend the live floor bidding session of the sale, and also reserve the right to eject disruptive or non-compliant bidders from the floor session, at the discretion of the auctioneer. Photography is prohibited for all attendees. Smoking within the building is prohibited for all attendees. Lot pickup for items won by bidders who bid live from the auction floor will be allowed no sooner than 24 hours after the final lot is hammered on the day that the lots were won. This pickup timeline may be altered at the discretion of the auctioneer.

Stephen Album Rare Coins Inc. auctions are not approval sales. Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.
