138. **ARAB-SASANIAN: Khusraw type**, ca. 666-670, AR drachm (3.58g), LD (Rayy), year 27, A-5, Malek—, with *rabbi* in ObQ3, thus an issue of Ziyad b. Abi Sufyan as struck AH47-50, but dated in uncertain calendar, unpublished, choice EF**, RRR** $200 - 300

Malek cited only year 26 of this type, which he calls "doubtful"; this piece confirms the existence of this type, thus the only piece of this type of any date. Rayy (LD) is a rare mint for all Arab-Sasanian coins (common for purely Sasanian).

Ziyad**, 673-683, AR drachm (3.79g), BH, AH61, A-12, Malek-209 (listed by Malek as AH60, but clearly 61 in his illustration), unidentified mint, but the similarity to the BCLA (al-Basra) drachms of AH61 suggests a mint in either southern Iraq or Khuzestan province, EF-AU**, RR** $200 - 300

ex Leu Numismatik Web Auction 10, Lot 1945 $350 - 450

An Exceedingly Rare Arab-Armenian Silver Zuzun

173. **ARAB-ARMENIAN: Anonymous**, ca. 690-700, AR zuzun (3.16g), year "6", A-M97, in the name of the Sasanian king Hormizd IV, with the full Shahada filling the obverse margin after the phrase *bism Allah*, and with the denomination ZWZWN, Aramaic for "drachm", instead of a mint name on the standard position on the reverse, superb strike for this type, full EF**, RRRR** $17,000 - 19,000

There are two examples of this type with the full Shahada posted on Zeno, #96964 with the additional phrase "rabbi Allah" added on the reverse margin (sold in M&E Auction 48, Lot 1), and #153562 with "rabbi Allah" instead of ZWZWN at the mint location on the reverse. The full Shahada was introduced to the Arab-Sasanian coinage during the governorship of al-Hajjaj b. Yusuf (694-713), whence it seems likely that this type could not have been introduced before 694, replaced shortly afterwards by the type that replaced the name Hormizd with Muhammad (A-E97) and the Arabic word waf in the obverse margin, introduced circa 700. The prototype was the relatively common Sasanian-Armenian type in the name of Hormizd, usually with year "6" and the phrase ZWZWN in lieu of mint name (e.g., Zeno-17577).

Extremely rare variety, with none on CoinArchives or Zeno; Gyselen knew of just one example. This type can also be classified as Arab-Sasanian.

221. **UMAYYAD:** AE fals (2.70g), Balkh, AH114, A-B197, citing al-Junayd (b. 'Abd Allah al-Murri), governor of Khorasan AH111/112-116, on the obverse, together with denomination formula *sittin bi-dirham* ("sixty to a dirham"), mint & date formula on the reverse, fully legible, F-VF**, RRR** $150 - 200

224. **UMAYYAD: Anonymous**, AE fals (2.52g), Marw, AH109, A-B204.1, circular legends *bism Allah marw dirham // sanat tis' wa mi'a ja'iz,* decent strike for this type, of which 3 specimens are filed on CoinArchives, all of lesser quality than this piece, crude VF**, RRR** $150 - 200

The word "dirham" is not all that clear on any known example, and it may be that the "d" is part of the mint name "marrûd" for the mint of Marw Rud, known for an Umayyad fals dated AH115. Marw Rud was once an important city on the Murghab River about 100 miles southeast of Marw at the modern Afghan border.

225. **UMAYYAD:** AE fals (1.81g), Marw Rûd, AH115, A-D204, anonymous; obverse *bism Allah / darb marrûd* (sic), reverse *sanat khams / 'ashar wa mi'a,* full date, third reported specimen and the first to have the mint name so boldly clear, VF**, RRR** $200 - 300

The mint of Marw al-Rud ("Marw on the [Murghab] River") operated only briefly, striking Arab-Sasanian drachms dated AH56-76 and reform Umayyad dirhams dated AH79 and 81. The abbreviated spelling is well-known and mentioned in the Wikipedia page for Marw al-Rudh.

226. **UMAYYAD:** AE fals (1.38g), al-Mahfuza, ND, A-E204, obverse legend *duriba hadha / al-fals bi'a- / -l-mahfuza,* traditional reverse *muhammad / rasul / Allah*; carefully preserved by the consignor, VF**, RRR** $250 - 350

This is the third known fals of al-Mahfuza, which was founded by al-Hakam b.'Awana about AH112, the second Umayyad governor of Sind. After a few years, al-Hakam replaced al-Mahfuza with his second foundation, the town of al-Mansura, which became the capital of Sind for more than 300 years.

227. **UMAYYAD:** AE fals (1.80g), Madinat al-Baydâ, AH112, A-M204, anonymous, date in the center with decorative margin around // mint formula in the margin, *muhammad / rasul Allah* in the center, VF-EF**, RRR** $150 - 200

228. **UMAYYAD: Anonymous**, ca. 720-750, AE fals (2.31g), Nasaf, ND, A-N204, Z-215244, Smirnova-1667, horse, mint name above // circular text *muhammad rasul Allah*; also considered a Sogdian example at the time of the Islamic conquest of Central Asia, VF**, RRR** $150 - 200

229. **UMAYYAD:** AE fals (2.88g), Taliqan, ND, A-K205, abbreviated mint name as on the 'Abbasid fals type A-337C; ornate tamgha in obverse center, denomination *sittin b'al-dirham* ("sixty to the dirham") below the mint name on the reverse; unpublished and presumed unique, F-VF**, RRRR** $150 - 250

This and the following lot are the first known Umayyad fulus of Taliqan, also known for some extremely rare Abbasid fulus from the AH150s.

230. **UMAYYAD:** AE fals, "sixty to the dirham" (2.90g), al-Taliqan, ND, A-K205, mint name abbreviated as *al-talqan* without the alifs, denomination *sittin bi-dirham* in the obverse margin and below the reverse; ornate tamgha in obverse center, unpublished, Fine**, RRR** $150 - 200

231. **UMAYYAD:** AE fals (1.91g), NM, ND, A-J206, with the kalima divided between obverse & reverse, plus reverse legend *sab' bi-dirham ja'iz* ("seven to a dirham, current"), style suggests eastern Khurasan or southeast Central Asia, unpublished and a remarkable denomination! choice VF**, RRR** $150 - 200

It is likely that the engraver intended "sab'in" for "70" rather than "sabi" for "7".

232. **UMAYYAD/ABBASID:** lead seal (19.91g), ca. 8th/10th century; inscribed *bism Allah / tab'a / hims* plus traces of another word at the bottom ("in the name of God, seal of Hims"), VF**, R** $130 - 170

Ibrahim b. 'Abd Allah was a great-grandson of the Shi'ite imam al-Hasan b. 'Ali. Along with his brother Muhammad, they revolted in late 762 AD against the second Abbasid caliph, al-Mansur, in response to the latter's mounting prosecution of the Alids. While Muhammad's revolt in Medina was quickly suppressed, Ibrahim achieved initial success from al-Basra and gained control over Ahwaz, Fars, and Wasit. He also issued his own coins, which feature the Quranic verse ja' al-haqq wa zahaqa al-batil inn al-batil kana zuhuqan ("Truth has come and falseness has vanished, for surely, falseness is ever bound to vanish"). However, internal dissent among Shi'ite factions forestalled any meaningful resistance against al-Mansur, whose army annihilated Ibrahim's forces in February 763, thus putting an end to the Alid rebellion.

Islamic Coins

Spain & North Africa

320. **HAMMUDID OF MÁLAGA: al-Qasim II**, 1048-1054, AV fractional dinar (1.08g), NM, ND, A-371A-var, kalima obverse, with the name Muhammad below and, reverse legend *al-amir / al-imam muhammad / amir al-mu'minin / al-mahdi billah / (al-qasim?),* which is known only for the issues of the Hammuid branch at al-Jazira (Algeciras), but there is no known gold for that ruler, EF**, RRR** $200 - 300

This is a very tentative attribution, and further information would be helpful.

321. **DHU'L NUNID OF TOLEDO: Sharaf al-Dawka Yahya I**, 1043-1075, debased AV fractional dinar (1.66g), NM, ND, A-396, citing the ruler only by his honorific title al-Ma'mun, with the first half of the kalima on the reverse; lovely example, EF**, R** $200 - 250

322. **ABBADID OF SEVILLE: al-Mu'tadid 'Abbad**, 1042-1069, AV fractional dinar (1.33g), MM, AH4xx, A-401A, citing Muhammad, *al-hajib / 'abbâd* on reverse, EF**, S** $220 - 300

323. **TAIFAS ALMORAVIDES: Anonymous**, 1146-1155, AV dinar (3.88g), NM, AH541, A-405, as Vives y Escudero #1998/99, but different date, with the phrase *nasr min Allah* ("victory comes from God") instead of a ruler's name, clear date, EF**, RR** $800 - 1,000

324. **TAIFAS ALMORAVIDES: Anonymous**, 1146-1155, AV dinar (3.71g), NM, AH557, A-405, cf. Vives y Escudero #2001, with the phrase *al-amr kulluhu lillah / wa huwa al-amr* ("all the power belongs to God / and He is the Power") instead of a ruler's name, clear date, AU**, RR** $800 - 1,000

This type was probably issued somewhere in southeastern Spain by local contenders opposed to the rising Kings of Murcia and the Almohades expanding from North Africa. The overall calligraphic style resembles some of the dinars minted in the early to mid 540s in and around the Spanish city of Jaén.

325. **TAIFAS ALMORAVIDES: Anonymous**, 1146-1155, AV dinar (3.70g), NM, AH557, A-405, cf. Vives y Escudero #1998/99, with the two phrases *al-amr kulluhu lillah / nasr min Allah* ("all the power belongs to God" and "victory comes from God") instead of a ruler's name, clear date, EF**, RR** $800 - 1,000

326. **TAIFAS ALMORAVIDES: Anonymous**, 1146-1155, AV dinar (4.03g), Sijilmasa, AH"538", A-405var, unknown to Vives y Escudero and Hazard, later imitation in the name of Tashufin b. 'Ali (1142-1145), probably struck after about AH544 (1149 AD), based on the normal dinar of Tashufin b. 'Ali struck at various mints in both Spain & North Africa, but distinguished by the crudely engraved calligraphy, unpublished, EF**, RRR** $700 - 900

The mint name Sijilmasa suggests that dinars of type A-405 were struck primarily in North Africa, and sometimes in Spain.

327. **TAIFAS ALMORAVIDES: Anonymous**, 1146-1155, AV dinar (4.02g), Sijilmasa, AH"539", A-405var, unknown to Vives y Escudero and Hazard, later imitation, probably struck after about AH544 (1149 AD), based on the normal dinar of Tashufin b. 'Ali struck at various mints in both Spain & North Africa, but distinguished by the crudely engraved calligraphy, unpublished, attractive VF-EF**, RRR** $700 - 900

The mint name Sijilmasa suggests that dinars of type A-405 were struck primarily in North Africa, and sometimes in Spain.

328. **IDRISID: Idris II**, 791-828, AR dirham (1.97g), Tilimsan, AH207, A-421, Eustache-78, extremely rare mint, known as an Idrisid mint only for AH201, 207, and 212; this piece is the nicest known for 207, VF**, RRR** $180 - 220

Including this piece, now 3 known dated 207 and 1 each for 201 and 212.

329. **IDRISID: Anonymous**, before 847, AR dirham (2.41g), "Ifriqiya", AH179, A-426A, totally anonymous, with palm trees above & below the reverse field; style of Moroccan mints, acceptable because "Ifriqiya" just means "Africa" and could be located anywhere in North Africa west of Egypt, unpublished and presumably unique, EF**, RRR** $200 - 250

330. **IDRISID: Anonymous**, before 847, AR dirham (1.97g), Wargha, AH222, A-426A, citing Ma'zuz without his patronymic (below the reverse field), presumably the original Kharijite leader in the first century Hijri, Ma'zuz b. Talut, whose full name appeared on Kharijite coins struck at Watit and Izerhan AH223-224, EF**, RRRR** $500 - 600

Warqa was active for normal Idrisid coins AH197-205 and 225-229, all extremely rare, with none on CoinArchives.

331. **SULAYMANID: Yahya b. Muhammad**, 906-910, AR fractional dirham (0.77g), NM, AH[2]97, A-H434, clearly without mint name (known for Tanja), and surely the finest example we have seen, choice EF**, RRR** $150 - 200

Unlike the crudely struck examples, which were probably minted for decades after AH297, the examples dated AH297 are of the finest engraving and quite similar to the last issues of the Aghlabids (ended AH296) and the first few years of the Fatimids.

332. **AGHLABID: 'Abd Allah II**, 902-903, AV dinar (4.21g), NM, AH290, A-451, slightly flattened, Fine**, RR** $350 - 450

334. **ALMORAVID: Abu Bakr b. Yahya**, after 1058, AR qirat (0.85g), NM, ND, A-462J, the top word of the obverse is perhaps *malik*, but uncertain, followed by *lilla*; the lower text is *abu bakr bin / yahya*; ornately arranged kalima reverse; unpublished and unique, VF**, RRRR** $350 - 450

335. **ALMORAVID: Abu Bakr b. Yahya**, after 1058, AR ½ qirat (0.54g), NM, ND, A-462K, legend *bin / abu bakr / yahya,* i.e., "Abu Bakr, son of Yahya", uniface, unpublished and unique, VF**, RRRR** $250 - 350

336. **ALMORAVID: Muhammad b. Yahya**, after 1058, AR qirat (0.89g), NM, ND, A-462N, obverse legend *Allah al-qa'im / li-muhammad bin yahya / al-nasir,* kalima reverse, lovely example and the only one known of this type, unique, VF-EF**, RRRR** $400 - 500

337. **ALMORAVID: Muhammad b. Yahya**, after 1058, AR qirat (0.95g), NM, ND, A-462M, obverse legend *ayyad Allah / muhammad / bin yahya* kalima reverse, bold strike, unpublished and unique, VF-EF**, RRRR** $300 - 400

338. **ALMORAVID: Ibrahim b. Abi Bakr**, 1070-1074, AR qirat (0.89g), NM, ND, A-463A, obverse legend *al-amir / ibrahim bin / abi bakr,* kalima reverse, VF**, RRR** $250 - 350

Probably the third known example, first published by Benito in 2017, second one is Numismatica Ibercoin eAuction 70, Lot 629 and this is the third. Ibrahim did strike gold dinars at Sijilmasa as governor from AH462-467.

345. **MERINID: Abu Mâlik 'Abd al-Mu'min**, 1362-1363, AV dinar (4.62g), Sijilmasa, ND, A-532F, BM-X:193ee, Prieto-81, Elhadri-184, standard obverse religious legends // reverse center *duriba bi-madinat sijilmasa / 'an amr 'abd Allah amir / al-muslimin abu mâ- / -lik 'abd al-mu'min bin / amir al-muslimin abu 'ali 'umar,* struck during his brief declaration of power during the chaotic period after the death of Abu 'Inan Fars in AH759 (1358), slightly crinkled, VF**, RRRR** $1,200 - 1,800

Elhadri knew of no additional specimens reported since Prieto's publication in 1934.

346. **'ALAWI SHARIF: 'Abd al-Rahman**, 1822-1859, AV bunduqi, Fès, AH1256, A-633, excellent strike, with minimal weakness for this type, NGC graded AU58 $250 - 350

This reverse combination is cited by Lowick only for AH205 and 208.

610. **TAHIRID: Tahir I**, 821-822, AR dirham (2.82g), Madinat Zaranj, AH208, A-1391, Lowick-2498, citing Dhu'l-Yaminin, the titulature name of Tahir ("possessor of the two right hands"), above reverse field, followed by *a'azzahu Allah* and the governor Ibn al-Qusi below; this type is also classified as Abbasid,

726. **BEGTEGINIDS: Kökburi**, 1168-1233, AE dirham (9.21g), NM, ND, A-1888.1, enthroned facing figure, holding a globe in his left hand and his right hand akimbo // square-in-circle, always without mint & date, but presumably struck at Irbil, their capital, citing the Ayyubid king al-Nasir Yusuf (Saladin) on reverse, choice VF**, R** $300 - 350

Mongol Dynasties

733. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AV dinar (5.55g) (Ghazna), AH61(8), A-1964, the name *chingiz khan* is in the flat area, but his name, mint and dates are confirmed by the example sold in our Auction 24, Lot 453 and the four examples sold in our Auction 10, Lots 757-760; about 40% flat, obverse cleaned, NGC graded UNC details $500 - 800

Almost certainly from the circa 1996 hoard of about 150-200 pieces, all Ghazna 618 are from the same pair of dies; about 10-15% had the name "chingiz khan" completely obscured by weakness of strike.

734. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AV dinar (6.83g), Bukhara, DM, A-1964, with the name *chingiz khan* below *la sharik lahu* on the obverse, and with an uncertain word below the reverse, with the mint name Bukhara visible in the obverse marginal legend; flan defect, unpublished and likely unique, VF**, RRRR** $3,000 - 4,000

The style and calligraphy is identical to the relatively common type A-B1967, with the mint name Bukhara below both the obverse and reverse, presumably introduced shortly after the death of Chingiz Khan; no dated example has yet been reported of this later anonymous type, which shares the unusual letter "h" in the name Muhammad in the reverse kalima. A very similar anonymous dinar of Samarqand is known dated AH625, one year after the death of Chingiz Khan (sold in our Auction 38, Lot 526).

735. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AV dinar (4.72g) (Bukhara), ND, A-1964, obverse legend *chingiz khan / al-'adil / al-a'zam,* with the mint name above the kalima on the reverse, with the name *chingiz khan* sufficiently legible, VF $1,500 - 2,000

Same dies as Lot 784 in our Auction 45, which clearly shows the mint name Bukhara and the full name of Chingiz Khan.

736. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AV dinar (2.30g), Bukhara, ND, A-1964, with his name *chingiz khan* atop the obverse field, fully confirmed by die-link to the example sold in our Auction 32, Lot 565; about 25% flat and slightly uneven surfaces, crude VF**, RR** $700 - 1,000

737. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AR dirham (3.18g), [Ghazna], ND, A-1967, inscribed *al-'adil / al-a'zam / chingiz khan*, thus citing Chingiz Khan (Genghis Khan) by name; the Abbasid caliph al-Nasir is cited on the reverse, an attractive lustrous mint state example, NGC graded MS62 $1,200 - 1,500

738. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AR dirham (3.04g), [Ghazna], ND, A-1967, citing Chingiz Khan by name, Zeno type A1/B1, scarce variety (most recently sold examples are Zeno type A2/B2), choice EF**, S** $900 - 1,200

740. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AR dirham (3.12g), [Ghazna], ND, A-1967, citing Chingiz Khan by name, Zeno type A2/B2, excellent strike, EF**, R** $700 - 1,000

741. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AR dirham (3.04g), [Ghazna], ND, A-1967, citing Chingiz Khan by name, Zeno type A3/B2, lovely bold strike, choice EF**, R** $700 - 1,000

It has recently been suggested that this type (A-1967) was not necessarily struck at Ghazna, but by the Mongol military after it departed from Ghazna when chasing Mangubarni towards the Indus River, with minting equipment brought along from Ghazna.

742. **GREAT MONGOLS: temp. Ögedei**, 1227-1241, AV dinar, Samarqand, AH(62)5, A-O3738, totally anonymous, mint name repeated above reverse and in both margins; date confirmed by die-link (both sides) to the dinar sold in our Auction 41, Lot 522, with full date; about 15% flat, ANACS graded F15**, RRR** $350 - 450

743. **GREAT MONGOLS: Töregene**, 1241-1246, AR dirham (2.55g), NM, ND, A-1976, horseman right and turned back, shooting arrow, parts of Arabic legend *ulugh mughul ulush bik* above ("chief of the great Mongol nation") // kalima; somewhat crudely engraved, unusual variant, VF**, RR** $150 - 200

745. **GREAT MONGOLS: Güyük**, 1246-1249, AR ½ dirham (1.11g), NM, ND, A-3754K, Nyamaa p.51, perhaps struck in Khwarizm, Khooboo Ongi tamgha of Güyük Khan, with unread legend around // Arabic *la ilah illa Allah,* same design as the full dirham of Güyük (A-1976F), VF**, RR** $150 - 200

A similar example sold in our Auction 40, Lot 573.

747. **GREAT MONGOLS: Anonymous**, ca. 1220s-1230s, AV dinar (3.93g), Astarabad, ND/DM, A-1965, obverse legend *astarabad / al-khaqan / al-'adil / al-a'zam,* with the mint name repeated below the reverse, which cites the caliph al-Nasir, probably posthumously, VF-EF**, RR** $400 - 500

748. **GREAT MONGOLS: Anonymous**, ca. 1220s-1230s, AV dinar (1.96g), Dihistan, ND, A-1965, obverse legend *dihistan / al-khaqan / al-'adil / al-a'zam,* citing the caliph al-Nasir, probably posthumously, on the reverse, VF**, RR** $220 - 280

750. **GREAT MONGOLS: Anonymous**, ca. 1220s-1240s, AV dinar (4.40g), ND/DM, A-A1967, Zeno-89589 (this piece), kalima // the caliph al-Nasir li-din Allah; possible mint name in the margin, very crude VF**, RR** $300 - 400

751. **GREAT MONGOLS: Anonymous**, ca. 1220s-1240s, AV dinar (3.91g), ND, A-B1967, very crudely engraved obverse, perhaps imitating the obverse of the common dinars of the Khwarizmshah ruler 'Ala al-Din Muhammad, with mint above, probably Sarakhs // kalima and the caliph al-Nasir (without *li-din*); unusual type, VF**, RR** $200 - 300

752. **GREAT MONGOLS: Anonymous**, AE dirham (7.33g), Bukhara, AH660//660, A-A1979.1, *bukhara* in obverse center, with the mint name *bu-hua* in Chinese in reverse center, rarer than the *ke* type, clear mint & date and with the mint epithet *baldat al-fakhira* also clear, above average quality, VF**, RR** $200 - 300

Local issue of Jand (now in Kazakhstan), first discovered in the 1970s and published by V.N. Nastich in 1981, but until 2016, none had been offered on the market. This type will be listed in the 4th edition of the Checklist of Islamic Coins.

Struck by the Jalayrid ruler Shaykh Uways I, just before his own name was placed on his coinage in 759. All other Jalayrid coins dated 758 and earlier are anonymous, and it is likely that Shaykh Uways recognized Jani Beg as his nominal overlord in anticipation of imminent invasion by either the Golden Horde troops or others seeking power after the demise of the Ilkhans earlier that same year.

765. **GOLDEN HORDE: Jani Beg**, 1341-1357, AR dinar (4.00g), Amul, AH(7)58, A-2028A, struck by the local Afrasiyabid ruler in the name of Jani Beg, during the Golden Horde invasion of Iraq, about 10% flat, VF**, RR** $200 - 300

The division into specific denominations now seems to be incorrect, and the actual standards should become more apparent as more examples are published with their weight. An identical piece weighing 4.15g struck from the same obverse die was sold in our Auction 19, Lot 722, and classified as A-A2347 by its weight.

778. **MEHRABANID: Qutb al-Din Muhammad I**, 1331-1346, AR dinar (½ tanka) (5.42g), Nimruz, AH742, A-2356, gorgeous strike, full mint & date, perhaps the finest we have seen, EF**, RR** $200 - 300

Timurid

779. **TIMURID: Timur**, 1370-1405, AR heavy dinar (6.99g), NM, ND, A-2374, citing the nominal Chaghatayid overlord Suyurghatmish, lovely strike, minimal weakness, perhaps the nicest example we've seen; weight standard derived from the last issues of the Kart dynasty struck at Herat (dated AH782), EF**, R** $150 - 200

Struck at undetermined mints in the Khorasan province or nearby, circa AH786-790, mostly without mint and date.

Shahs of Iran

782. **SAFAVID: Isma'il I**, 1501-1524, AR 2 shahi (18.46g) (Herat), ND, A-2575, struck from the same obverse die as the example sold in our Auction 40, Lot 677, which shows the full mint name; same style as the common 1 shahi issue of Herat dated AH916, some weakness and about 5% flat area, believed to be the third known double shahi of Herat, VF**, RRR** $180 - 220

783. **SAFAVID: Sulayman I**, 1668-1694, AR presentation 10 shahi (16.69g), Isfahan, AH1093, A-2658, mount removed and polished, "9" of date retrograde, rare date, F-VF**, RR** $300 - 400

Ruler cited as "sulayman bande-ye shah-e velayat" ("Sulayman, servant of the King of the Velayat"), where the King of the Velayat is Ali b. Abi Talib, the fourth caliph after the death of the Prophet and regarded by Shi'ites as the rightful successor to the Prophet, thus the first Shi'ite Imam.

choice EF**, RRRR** $8,000 - 12,000

The couplet translates as "In this world, Sultan Husayn, the dog at the threshold of the commander of the believers (i.e., 'Ali b. Abi Talib), became master of the die, by the grace of the Lord of the Two Easts." The "Two Easts" probably refers to Iraq and Iran. The 20 shahi of this type has only been previously recorded dated AH1112, from a unique specimen sold in Heritage Sale 3021, Lot 21759 (same reverse die, 4-line obverse legend).

906. **MUGHAL: Jahangir**, 1605-1628, AV mohur (10.94g), Agra, AH1021 year 7, KM-176.1, month of Shahrewar; obverse imperial legend within ornate cartouche, reverse with mint, date, and month within lobated square; mount removed (visible on the edge, barely noticeable on the surface), this is a fully preserved beautiful gold mohur! PCGS graded XF Details**, RRR** $20,000 - 25,000

Gold mohurs of a distinctive style were struck only at Agra and only from AH1020-1027, always with a month included on the reverse. The mohurs included obverse & reverse borders that were redesigned every month, with 12 different arrangements issued every year. The great rarity of these mohurs is intensified by the fact that each style would last only one month. For AH1021, the British Museum catalog lists only the months of Di and Mehr, and on CoinArchives appear the months of Farwardin and Khurdad. This piece would be the fifth month we have noted, though it is likely that AH1021 mohurs of every month were struck.

The regnal years do not refer to the ruler or to Queen Victoria, but to the transfer from the coins citing Bahadur II to Victoria in VS1915 (1858/59), which became the frozen Vikrama date on all subsequent Jhalawar coinage. Year 3 (1860/61) falls within the reign of Prithvi Singh (1845-1875). This special type was probably produced solely for attachment or suspension.

Rahimatpur was located just south of Satara, and was authorized to strike copper coins from 1833-1834, but none are known. There are three examples of this type, all dated year 78, that were sold in Indian auctions in 2012, with none having appeared since then. Chapekar, describing Maratha silver rupees during the Peshwa period, mentioned the existence of silver rupees of Rahimatpur, but none were known to Wiggins.

Da Chao, meaning "Great Dynasty", was the Chinese name the Mongols used for themselves. According to Hartill, "This coin is alleged to have been cast by the legendary Genghis Khan at his capital at Karakorum." This would place the date about 50-60 years prior to the formal foundation of the Yuan dynasty in 1271. A more likely attribution is the reign of Kublai Khan (1260-1294), who understood China as the base of his power and made great efforts to Sinicize his image among his Chinese subjects. Upon gaining the title of the Great Khan in 1260, he moved his capital from Karakorum to Shangdu (in present-day Inner Mongolia), before moving it again to Dadu (Beijing) in 1271, a move which afforded him direct control of central China but also sparked an uprising in Karakorum. This coin would presumably have been produced after 1260 and before the introduction of his zhi yuan tong bao cash coins around 1285. It is currently estimated that approximately 200-250 specimens are known to exist.

A Lovely Pavilion Dollar, Hand-Engraved For Dr. R.M. Pearce, A Stunning Rarity!

1105. **CHINA: Republic**, AR dollar, year 10 (1921), Kann-676a, L&M-957, Hsu Shih-chang 'Pavilion' type, plain edge without bottom legend variety, hand-engraved DR. R. M. PEARCE on reverse, a lovely toned example and with accompanying original case and letter from the Office of the President of China! PCGS graded UNC details (for the engraving) $75,000 - 100,000

The Xu Shichang Dollar (Pavilion Dollar) is one of the most sought-after coins in Chinese numismatics. Dated Month 9 of Year 10 (1921), it depicts President Xu in a decorated Western-style suit jacket and a presidential sash. On the reverse, four figures in traditional Chinese robes greet one another on the steps of a pavilion, alongside the phrase ren shou tong deng ("Virtue and longevity ascend together"). Of all the varieties in silver, the plain-edge type with a hand-engraved name at the reverse bottom is by far the rarest, as this is only the 10th example to appear in a public auction since its first appearance in 1982. It is followed by the unengraved plain-edge type (K-676a), the unengraved reeded-edge type (K-676b), and, most commonly, the reeded-edge type with the legend ji nian bi ("commemorative coin", K-676).

The purpose behind the Pavilion Dollar is not entirely clear. Some writers have suggested it celebrates both President Xu's 66th birthday and 3rd anniversary in office (both occurring in October, which is the 9th month in the Chinese calendar). Others argue it was struck for the opening of the Peking Union Medical College (PUMC, beijing xiehe yixueyuan). Founded in 1906 by a group of British and American missionary organizations, the college sought to introduce Western medical education to China at a time when modern healthcare was practically non-existent in a nation of more than 400 million. It received generous support from the Rockefeller Foundation, which spent $8 million to construct a brand-new campus in the middle of Beijing. The dedication ceremony and the concurrent medical conference took place on Sept. 15-21, 1921. It was attended by a delegation led by John D. Rockefeller, Jr. himself. Also in attendance were many staff members of the college, government officials, as well as doctors from around China and the world.

To commemorate this event, the office of the President gave out this medal (K-676a) to the attendees, as attested by the accompanying letter. This likely took place at the dedication ceremonies on the afternoon of Sept. 19, when cabinet ministers delivered greetings on behalf of the President. Based on contemporary reports, we know that the people whose names appear on the medal were doctors (e.g. Dr. R. G. Mills) and staff (Miss Helen H. Holland) at PUMC, as well as visiting delegates (Mr. E. R. Embree) and conference attendees (Dr. J. A. Bussière). We can also surmise that many attendees received the medal but did not engrave their name on it (e.g. Dr. Andrew H. Woods), judging from the greater number of unengraved examples. This is perhaps because the engraver(s) at the event did not have enough time and only served some of the recipients, as suggested by the diverse positions of the names.

Born in Montreal, Canada, Dr. Richard M. Pearce (1874-1930) was a prominent professor of pathology based in New York City. From 1919 to his death, he was the Director of the Division of Medical Education of the Rockefeller Foundation. It was in that capacity that Dr. Pearce visited PUMC as a member of the delegation and received this medal. To our knowledge, his is the only example among the nine Pavilion Dollars to be certified uncirculated (PCGS #46508883, graded details solely due to the engraved name) and accompanied by the original case and letter. It is likely the finest example of this highly coveted type and a testament to the deep roots of US-China relations.

PCGS assigns details grades to these due to the engraving.

While the English and Chinese legends indicate Kwangsi (Guangxi) as the province, the Manchu characters do not read "boo gui" as expected, but might have been an attempt to spell out "boo hsi" by a foreign mint (possibly in Berlin).

Woodward believes it to be a trial piece as he only knew of a unique example, though more examples have surfaced since then. In the end, no machine-struck coins were issued for circulation in this province during the Empire.

All subsequent Republican issues render the province name as Kwang-sea or Kwang-si instead.

This type is said to have been issued in the 17th year of Daoguang's reign by the local government in order to pay troops to suppress a rebellion led by Zhang Wen. Its high purity (ca. 98%) and greater silver content than contemporary Western crowns made it a popular currency, as it is often found with numerous chopmarks. But this also led to many examples being melted down, which further contributes to its great scarcity today.

Taiwan did not have any machine-struck coinage until 1893, when the provincial government began producing silver 10 cents (7.2 mace) and 5 cents (3.6 mace). The output lasted for about a year and was permanently terminated when the Qing government ceded the island to Japan following the First Sino-Japanese (Jiawu) War. While the 10 cents is somewhat scarce, the 5 cents is exceedingly rare, with only two examples appearing in public auctions in the past 15 years: the Åke Lindén example in 2014, and the Norman Jacobs example in 2008.

The Tibetan legend "rin khor" is most probably a phonetic spelling of "rin sgor", which means "precious coin." The Kuping (transcribed as khu phon in Tibetan) "treasury standard" or "treasury scale" refers to the Kuping silver tael, the standard weight of which was fixed at 37.3121g in the late Qing Dynasty for payment of government taxes. Incorrect catalog numbers and denomination on PCGS holder.

An Attractive Tibet Gold 20 Srang Graded AU55 by PCGS ex Charles W. Lueders Collection

1215. **TIBET:** AV 20 srang, Gser-Khang Mint, BE15-53 (1919), Y-22, L&M-1063, autonomous Tibetan issue, no dot in reverse center, snow lion left, *rab byung 15* ("cycle 15") above and *lo 53* ("year 53") below, all within circle surrounded by the eight Buddhist auspicious emblems // stylized wheel with eight spokes, *dga' ldan pho brang phyo(gs) las rnam rgyal tam srang 20* ("the Ganden palace, victorious in all directions, 20 tam srang"), numerous small scratches in fields, PCGS graded AU55 , *ex Charles W. Lueders Collection* $6,000 - 8,000

Most if not all Tibetan gold coins of 20 tam srang were struck between 1918 and 1921 in the Gser Khang Mint, which was located in the western part of Lhasa near the summer residence of the Dalai Lama, the Norbu Lingka. The meaning of gser khang is "gold house."

There exist gold coins of the dates 15-52 and 15-54 which feature a small bead in the center of the reverse and others which are without this bead. It is possible that this mark served to distinguish the issues which were struck by Tsarong from those which were struck by the Tibetan Government.

Charles XIV John (né Jean Bernadotte) was born in France and a marshal of the Napoleonic Empire when. In 1810, he was unexpectedly elected as the crown prince to the childless Charles XIII of Sweden and Norway. Napoleon supported this idea but asked that he never take up arms against France. Bernadotte refused on the ground of his obligations to Sweden, to which Napoleon exclaimed "Go, and let our destinies be accomplished" and signed the act of emancipation unconditionally. Thus, the 400 réis marked value on this type meant that it would circulate at 480 réis.

TERMS OF SALE

1. Auction Basics. This is a public auction sale conducted by California bonded auctioneers, Stephen Album Rare Coins Inc. (hereinafter referred to as "Auctioneer"). Bidding in this Auction constitutes acceptance by you (the "Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction consigned by the consignor or by other consignors pursuant to their consignment agreement. The Auctioneer reserves the right to include in any auction sale its own material. Bidder acknowledges and agrees that the Auctioneer may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting there from is expressly waived by all participants in the Auction. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stephen Album Rare Coins Inc. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stephen Album Rare Coins Inc. is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stephen Album Rare Coins Inc. and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. Stephen Album Rare Coins Inc. does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or their agent, a Bidder by mail, telephone, internet or fax, or any other participant in the Auction. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in his or her sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid or pre-sale internet bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces it.

Absentee bids may be placed by fax, mail, email, or by telephone. Online bidding is also available on www.iCollector.com. Follow the link on our website, www.stevealbum.com in order to bid online. Your bids will be treated as a maximum bid. The winning bid will be one increment above the next highest bidder, or at the starting bid.

Stephen Album Rare Coins Inc. is not responsible for any errors in bidding. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stephen Album Rare Coins Inc. reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction.

4. Buyer's Premiums and Payments. A Buyer's Premium of twenty percent (20.0%) will be added to the hammer price for each lot to all successful bids. Accepted payments are by Visa, MasterCard, American Express, PayPal, cash, cashier's check, money order, approved personal check or bank wire transfer. If the purchaser pays by credit card (including credit-debit cards) or by PayPal, an additional service fee of four percent (4.0%) will be added. This service fee will apply to the hammer price, buyer's premium, shipping, and sales tax. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction (the "Default Date"), without exception, time being of the essence, unless otherwise agreed in writing prior to the Auction. Any bidder who does not pay within the standard deadline of fourteen (14) calendar days, regardless of any approval of alternative payment arrangements, may be considered a negligent payer and may be subject to increased scrutiny and additional requirements in order to participate in future auctions. If a credit card is provided before the sale, Stephen Album Rare Coins reserves the right to charge your credit card for the total of your auction purchases if payment has not been received within the fourteen (14) calendar days deadline. All auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Personal checks must clear our bank before lots are delivered. Bounced or returned checks are subject to a $35 fee.

Payments by PayPal are restricted to a maximum of $5,000 per client. Payments by credit card are restricted to a maximum of $10,000 per invoice. If a credit card has been used to pay for one invoice from the auction, it may not be used to pay for another invoice in the auction, regardless of the total amount of either invoice. We reserve the right to modify these payment limits, and we reserve the right to refuse payment by credit card or PayPal at our discretion, in which case a bank wire, check, or cash equivalent will be required.

Please contact Stephen Album Rare Coins Inc. for wiring instructions. Please inform us after bank wire has been sent. Please be advised that payments coming by wire transfer usually only take a few days to arrive, but in rare cases they can take up to a few weeks to arrive due to US government regulating, resulting in a delay of shipment of your lots. Lots will not be shipped until your full payment has arrived in our bank account. There is a $15 fee for all bank wire transfers.

Stephen Album Rare Coins Inc. reserves the right not to release lots for which funds have not yet been received in full. On any past due accounts, Stephen Album Rare Coins Inc. reserves the right, without notice, to extend credit and impose carrying charges of 1% per month. Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stephen Album Rare Coins Inc. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stephen Album Rare Coins Inc. reserves the right to require a written guarantee of such payments and obligations.

Lots are not available for pickup during the auction. Lots may be available for on-site pickup on the Monday following the sale if a formal request for pickup is provided by the Buyer before the auction, during the auction, or within 1 hour of the close of the final lot on the final day of the auction. We reserve the right to refuse this request for pickup, at our discretion. For on-site pickup, we will only accept cash or a bank transfer. If paying by bank transfer, the funds must reach our account before we will allow you to collect your lots.

5. Credit. Bidders who have not established credit with Stephen Album Rare Coins Inc. must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction session(s) or such other amount as Stephen Album Rare Coins Inc. may, in its sole and absolute discretion, require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

6. Shipping and Insurance. It is the Buyer's responsibility to contact Stephen Album Rare Coins Inc. after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stephen Album Rare Coins Inc. may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. All state taxes, postage, shipping, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stephen Album Rare Coins Inc. no later than thirty (30) days after payment. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Delivery outside the USA will be by USPS registered mail, express mail or by FedEx and will include insurance on all shipments up to $50,000. Buyers will be billed additional insurance charges on a shipment or combined shipments valued at above $50,000. Any claims of loss or damage will only be paid by Stephen Album Rare Coins Inc. only after the insurers' investigation is complete. If the Buyer opts for another form of shipment other than the above, items will be shipped at their risk and they will assume all risk due to theft, damage or loss. A Buyer opt out of the Stephen Album Rare Coins Inc. standard shipping listed above must be in received in writing before shipment will be made.

Stephen Album Rare Coins Inc. cannot accept any responsibility whatsoever for customs duties charged by the country of destination or seizure of items by customs, domestic or foreign.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California without a valid Resale Certificate which has been provided to the Auctioneer. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of One Thousand Five Hundred Dollars ($1,500) are exempt from California sales tax. 7. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stephen Album Rare Coins Inc. reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stephen Album Rare Coins Inc., in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stephen Album Rare Coins Inc. to satisfy the indebtedness, plus all accrued charges, and Stephen Album Rare Coins Inc. may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stephen Album Rare Coins Inc. If the Auctioneer resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stephen Album Rare Coins Inc. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stephen Album Rare Coins Inc., including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stephen Album Rare Coins Inc. for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stephen Album Rare Coins Inc., or assignees, the right to offset any sums due, or fund to be due to Stephen Album Rare Coins Inc., and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of the Auctioneer or from any sums due to Buyer by Stephen Album Rare Coins Inc., its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stephen Album Rare Coins Inc., or its assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stephen Album Rare Coins Inc., its affiliates or assignees, to secure all indebtedness due to Stephen Album Rare Coins Inc., plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stephen Album Rare Coins Inc. the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stephen Album Rare Coins Inc. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one percent (1%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stephen Album Rare Coins Inc. or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction. Stephen Album Rare Coins Inc. reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stephen Album Rare Coins Inc. shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:
"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

10. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stephen Album Rare Coins Inc. reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stephen Album Rare Coins Inc. reserves the right to cancel or postpone the Auction or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stephen Album Rare Coins Inc. nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction are personal and apply only to the Bidder who initially purchases the lot(s) from Stephen Album Rare Coins Inc.. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions.

11. General Terms. These Terms and Conditions of Auction and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction. Any dispute arising out of or related to these Terms of Sale, the Auction or any lot, with the sole exception of actions by Stephen Album Rare Coins Inc. to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the International Association of Professional Numismatists (I.A.P.N.). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Sonoma County, California; and any court proceeding shall be in the Sonoma County Superior Court, in the State of California. Bidder agrees that any arbitration or legal action with respect to this Auction is barred unless commenced within one (1) year of the date of this Auction. These Terms of Sale and the information on our website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stephen Album Rare Coins Inc. may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

12. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on your bid sheet. This is a personal service and a Stephen Album Rare Coins Inc. representative will personally attend to your bid sheet by bidding from the auction book, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly.

13. Floor Bidding. We reserve the right to refuse to allow a person to attend the live floor bidding session of the sale, and also reserve the right to eject disruptive or non-compliant bidders from the floor session, at the discretion of the auctioneer. Photography is prohibited for all attendees. Smoking within the building is prohibited for all attendees. Lot pickup for items won by bidders who bid live from the auction floor will be allowed no sooner than 24 hours after the final lot is hammered on the day that the lots were won. This pickup timeline may be altered at the discretion of the auctioneer.

Stephen Album Rare Coins Inc. auctions are not approval sales. Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.
