FEATURED COLLECTIONS

The Dr. Robert A. Rosenfeld Collection of Ancient & World Coins

A most impressive array of world coins and ancient coins, The Dr. Robert A. Rosenfeld Collection was assembled over decades by an advanced collector with a wide range of interests and an appreciation for interesting high quality coins. His daughter Elissa has prepared the following introduction of the collection:

"As the daughter of Dr. Robert A. Rosenfeld, I am proud to introduce his collection. The son of a Russian immigrant, and with incredible scholastic aptitude, he graduated from high school at 16, going on after college to become an ophthalmologist. He began collecting coins as a young teen and continued to grow his unique and broad collection over the next 70 years. Fortunately, Dr. Rosenfeld had very diverse interests. He was fascinated by everything from ancient civilizations and medieval European coinage to currency and tokens of the US and Far East and even notgeld. He would learn many of the foreign alphabets to more fully appreciate each piece. As a doctor, he had a particular interest in monies from the former 'leper colonies.' In his later years he would correspond with numismatic specialists and advise on their collections.

My father's personality is reflected in the choice of his coins, whether it is an interesting provenance or history, or as some of the finest examples of a period. He was fascinated by the political backdrop surrounding each piece, whether the coin was made by a fledgling government, it reflected a country struggling with extraordinary instability and inflation, or if it was minted to protest a beard tax. These are the stories he shared with his family. Some of my favorite memories are of my father pouring his coins out of deerskin bags where he kept them and lingering over his favorite pieces. He would marvel at the little pieces of history encapsulated as coinage, as if he were transported to the time and place merely by holding each one. I am honored to share his unique collection. I hope each coin inspires a spark of joy as it did for my father."

The Hakim Hamidi Collection of Afghanistan Coins

Hakim Hamidi is the most well recognized name when it comes to Afghanistan numismatics. He served as the deputy director of the Da Afghanistan Bank in Kabul. His collection was extensive and he was widely regarded as the most prominent numismatist in Afghanistan. In 1967 he published A Catalog of Modern Coins of Afghanistan. This catalog covered a period of approximately of 83 years (1890 - 1973), starting with the reign of Abdul Rahman Khan through the last monarch, Muhammad Zahir Shah. Mr. Hamidi's devotion and passion to the field of numismatics allowed him to catalog one of the most comprehensive collections of modern Afghan coinage. A second edition was published in 2012, co-authored by his son Masoud Hamidi. The coins offered in this auction catalog are an impressive array of dates and types, as well as rare pattern coins such as the 1 ½ amani pattern shown at left and featured on the auction catalog cover. (See Lot 1450).

The Almer H. Orr III Collection of World Coins

Almer H. Orr III (born 1938) was a lifetime collector of coins from all over the world. He was born and raised in Pittsburgh, PA, where he lived out his adult life until his sixties before moving to Woodinville, WA where he resided through the remainder of his retirement.

When Almer was a young boy he began to collect coins and became a passionate collector of many things. He became an avid world traveler which immensely broadened his coin collection. Since Almer was such an avid collector for so many years, his collection had grown to a truly massive scale over the years. This is the third part of his collection that we have offered and it contains mostly thalers and world crowns.

The Jürgen M. Wilmes Collection of Openwork Charms

"Open-work" charms are one of the major types of ancient Chinese charms. They are referred to in Chinese as *lou kong qian* "hollowed out" money and *ling long qian* "elegant" money. Chinese open work charms have irregular shaped "openings" between their exquisite design elements. These charms were popular and were often worn for personal adornment during the Song, Yuan, and Ming dynasties.

This collection assembled by Jürgen M. Wilmes is likely the finest that has ever been put together. We previously offered parts 1 and 2 in our auctions. This is the 3rd and final part. The three parts were divided evenly by quality and value so many superb rarities can be found here. The lot at left (Lot 737) is a popular type depicting a temple complex with a number of activities taking place.

A Superb Collection of Georgian Coins

This auction features a vast collection of Georgian coins from one of our long-time clients who prefers to remain anonymous. These coins can be found throughout this auction catalog including in the Mongol Dynasties section, the Shahs of Iran section, a few occupation coins in the Ottoman section, as well as under Georgia in the European section. With over 100 lots this is perhaps the most comprehensive collections of coins minted in Georgia that we have ever offered.

One fascinating example from this collection is a silver dirham of the Georgian King Davit Narin (1246-1296) citing the Great Mongol Güyük and depicting the king on horseback with Mtavruli script to the right and left. (See Lot 421).

The Solar Collection of Indian Coins

This collection was consigned by an advanced collector who wishes to remain anonymous. What is offered here is only part of a broader collection of Indian Coins. Featured in this auction is perhaps the most extensive collection of coins of Tranquebar that we have ever offered, and the pieces are of superb quality as well. Additionally, the collection includes a number of coins and plaques from ancient Ceylon. A few additional pieces from India are included as well such as a gold mohur of Haidar Ali of Mysore.

Nearly all drachms of Vistahm were struck at Rayy (LD); all other mints are extremely rare. It is likely that some citing other mints, including this piece, were not actually struck at the stated mint but at various locations held by supporters opposed to his rival, Khusro II.

Umayyad dirhams of Ifriqiya are known dated 124, 125, and all years 128-132, all of them extremely rare. The last year that is reasonably common is AH118, with 119 very rare and 120 extremely rare. It is believed that taxation funding from North African ceased to reach the Umayyad centers, such as Damascus and Basra. As a result, the post-120 dates are only found in hoards from North African and Spain, whereas pre-119 dirhams are often found as frequently in eastern hoards as western hoards. The year 128 is the only Ifriqiya date that bears a star beneath the obverse field.

149. **UMAYYAD:** AE fals (2.50g), Busra, A-172, W-—, Bone—, 2-line obverse legend, VF**, RRR** $150 - 200

This mint is almost certainly the city of Anbir in Khorasan, near the modern city of Shafurqan, formerly an important mint city for Hunnic and Arab-Hunnic coins. A similar example sold in our Auction 40, lot 203.

151. **UMAYYAD:** AE fals (1.80g), Marrûd (for Marw Rud), AH115, A-D204, *bism Allah duriba bi-marrûd* on the obvere, mint formula on the reverse; lovely example without any weakness or flaws, VF $200 - 300

This version has often been assigned to al-Muntasir, who ruled AH247-248. The remnants of the caliph's name on this piece are sufficient to confirm the name Musta'in, not Muntasir.

161. **ABBASID: al-Muhtadi**, 869-870, AV dinar (3.90g), al-Ahwaz, AH255, A-237, very rare mint for this caliph, only Madinat al-Salam is more frequent encountered, weak Fine**, RRR** $400 - 500

163. **ABBASID: al-Mu'tamid**, 870-892, AV dinar (2.44g), al-Rafiqa, AH27x, A-239.4, citing al-Muwaffaq below the obverse and his son Ahmad (misspelled) below the reverse, date is possibly AH273; crude strike, XF $180 - 240

164. **ABBASID: al-Mu'tamid**, 870-892, AV dinar (4.02g), Samarqand, AH268, A-239.5, somewhat weakly struck, clear mint & date, VF $300 - 400

165. **ABBASID: al-Mu'tamid**, 870-892, AR donative dirham (2.42g), Surra man Ra'a, AH258, A-240A, narrow design, as on the previous donatives of the caliph al-Mutawakkil from the same mint; some light corrosion in the blank outer rims, F-VF**, RRR** $200 - 300

A similar example, also of Surra man Ra'a AH258 but holed and with some other flaws, was sold in our Auction 25, lot 349, in 2016.

166. **ABBASID: al-Mu'tadid**, 892-902, AV dinar (3.58g), al-Rafiqa, AH283, A-241, Bernardi-211Hn, VF**, R** $300 - 350

167. **ABBASID: al-Mu'tadid**, 892-902, AR dirham (2.97g), Makka, AH283, A-242, another example, from the same pair of dies, was sold in the CNG Auction 109, lot 790, back in 2018, some marginal weakness and one flan crack, VF**, RRR** $1,500 - 2,000

168. **ABBASID: al-Muktafi**, 902-908, AV dinar (3.91g), al-Rafiqa, AH292, A-243.1, Bernardi-226Hn; Zeno-277119 (this piece), cleaned, bold VF-XF $350 - 450

Bernardi listed only 1 example of this mint/date combination, but about 7 more are now filed on CoinArchives.

A Previously Unknown Donative Double Dinar of al-Muqtadir of Great Historical Importance

169. **ABBASID: al-Muqtadir**, 908-932, AV donative double dinar (8.58g), Madinat al-Salam, AH299, A-Y245, standard design as on the normal dinar (A-245.2), but produced with larger dies on a broader planchet, 29mm, which is same for silver dirhams of Madinat al-Salam around AH299; mount removed, partly remaining at the top of the obverse; the most important double dinar of al-Muqtadir, which appears to be previously unknown for any mint or date, hitherto unknown and **unique**, NGC graded UNC details $10,000 - 12,000

The weight is correct for a double dinar, with the single dinar standard at 4.26g, though individual specimens of Madinat al-Salam show considerable deviations, typically weighing between about 3.25g and 4.75g by the time of al-Muqtadir. Twice that standard would be 8.52g, and the weight of this piece, with a few hundredths of a gram added by the remaining portion of the mount, is indeed correct. The style and arrangement is identical to the contemporary silver dirhams of Madinat al-Salam, but the denomination is boldly al-dinar rather than al-dirham, with no evidence that the denomination had been altered. The calligraphy and arrangement are identical to both silver dirhams and gold dinars of Madinat al-Salam dated AH299 and for others dated between 297 and the early 300s. While there are surprisingly heavy normal dinars, sometimes up to 7 grams, such heavy dinars are not known for Madinat al-Salam, observed mainly for the mints around al-Ahwaz. Furthermore, the gold dinars are struck with much smaller dies, typically in the range of 21.5mm to 24.5mm. This difference confirms that this was struck from special broad dies meant for this special type, which might have been produced for a normal circulating double dinar, though given its exceeding rarity it must have been produced as a donative or presentational piece.

See Baldwins ICA 24, lot 4488 for the silver dirham, also 29mm diameter, and CNG E-Auction 450, lot 469, for the ordinary gold dinar.

170. **ABBASID: al-Muqtadir**, 908-932, AV dinar (2.98g), al-Karaj (near Hamadan), AH315, A-245.2, still a scarce mint; typical strike for this mint, about 15% flat, VF-XF**, Scarce** $250 - 300

171. **ABBASID: al-Muqtadir**, 908-932, AR dirham (3.23g), al-Rahba, AH306, A-246.2, rare mint, probably the finest example of this mint we have encountered, XF**, RR**, *ex SARC Auction 18 Lot 249* $300 - 400

172. **ABBASID: al-Muqtadir**, 908-932, AR medalet (5.25g), 19mm, a special decorative silver piece in the caliphs name, *al-muqtadir* on the reverse, *billah* on the obverse, with a raised outer border on each side; the silver blank was probably cast, the legends hand-engraved and dozens of tiny circles hand-punched after the initial engraving, as a few of these circle overlap the engraved letters, VF**, RRR** $1,500 - 2,000

The same punch was used to create the center of the "m" in al-muqtadir and the "h" of billah. The side with billah was considered the obverse, as the attached mount kept billah lever but al-muqtadir sideways. The purpose of these pieces is not known, though the mount suggests that it was attached to an object where both sides could be read.

Another example was offered in the CNG Islamic Auction 4, lot 82, with a different suggestion for this items' purpose.

173. **ABBASID: al-Radi**, 934-940, AV dinar (4.38g), Qumm, AH324, A-254, Dauwe-53.Aa1 (same dies), Bernardi-285Mn, struck with an old reverse die of al-Muqtadir (AH295-320) citing his heir al-'Abbas; all known dinars of Qumm AH324 are struck from the same dies, including the old reverse die, about 15% flat strike, crude VF**, RRR** $350 - 450

174. **ABBASID: al-Radi**, 934-940, AR dirham, Madinat al-Salam, AH329, A-255.3, citing both the heir Abu'l-Fadl and the chief amir Abu'l-Husayn Bajkam, extremely rare on coins of al-Radi, better known on coins of his successor al-Muttaqi (also dated 329), VF**, RRR**, *ex SARC Auction 15 Lot 204* $200 - 300

Bajkam is cited quite often on AH329 dirhams and dinars of the next caliph, al-Muttaqi, but is almost never seen on those of al-Radi. It cannot be a muling, as al-Radi and Bajkam are cited on the same side of the coin (reverse).

175. **ABBASID: al-Muqtadi**, 1075-1094, AV dinar (4.29g), Madinat al-Salam, AH486, A-A266, citing the caliphal heir-apparent Dhakhr al-Din Abu'l-'Abbas; slightly creased, XF**, RR** $400 - 500

This type was struck only at Madinat al-Salam in the years AH485-486.

176. **ABBASID:** AE fals (3.39g), al-Quds, AH217, A-291, *al-quds* means "the holy" and is an epithet for Jerusalem; surprisingly, this is the only coin that ever used the phrase *al-quds,* struck only in AH217 (not 219 as once considered); wonderful bold strike without any weakness, VF-XF**, RR** $500 - 700

177. **ABBASID: Zubayda bint Ja'far bint al-Mansur**, 765/66-831, lead seal (5.68g), A-338, legend in four lines: *baraka min / Allah li-Umm / Ja'far 'ala / yaday (…),* the last word off flan; Zubayda was the wife of the caliph al-Rashid, granddaughter of the caliph al-Mansur, and the mother of the future caliph al-Amin; this appears to be the only known lead seal in her name, XF**, RRRR**, *ex Morton & Eden Auction 103, lot 24, ex Dr. Dirk Löer Collection* $700 - 1,000

Zubayda was the elder sister of al-Khayzuran, who was the mother of the caliph al-Rashid. A lead weight of al-Khayzuran was sold in the Morton & Eden Auction 95/96, lot 57, in 2018. Zubayda is named on many silver coins struck from the AH180s to the 210s, often as Umm Ja'far, occasionally with her personal name Zubayda, some of which are only moderately rare.

178. **ABBASID:** lead jizya-seal (5.47g), AH253, A-338Y, for 24 dirhams; in the names of Salih b. Wasif (rebel general at Samarra, where he deposed the caliph al-Mu'tazz) and Muhammad b. Ahmad (appointed amir of Makka AH 253-254), crude VF**, RRR** $150 - 200

179. **ABBASID:** lead jizya-seal (3.66g), AH253, A-338Y, for 24 dirhams; in the names of Salih b. Wasif (rebel general at Samarra, where he deposed the caliph al-Mu'tazz) and Muhammad b. Ahmad (appointed amir of Makka AH 253-254), crude VF**, RRR** $150 - 200

180. **ABBASID:** lead jizya-seal (4.09g), AH252, A-338Y, for 12 dirhams; in the names of 'Abd Allah Abi 'Abd … and Muhammad b. Ahmad (the latter appointed amir of Makka AH 253-254), crude VF**, RRR** $150 - 200

181. **ABBASID:** AE fals (2.42g), NM, ND, A-X338, inscribed *mimma amara / bihi ibrahim / bin al-hasan* (or *al-husayn*) *// muhammad / rasul / Allah*; possibly an issue from Sind or another eastern location; unpublished and with unidentified governor, XF**, RRR** $150 - 200

Spain & North Africa

182. **UMAYYAD OF SPAIN: al-Hakam II**, 961-976, AV dinar (4.03g), Madinat al-Zahra, AH357, A-351J, citing the Hajib Ja'far, as on all dinars of al-Hakam II dated AH357-359, but never on silver dirhams; crinkled, VF**, RR**, *ex Baldwin's Islamic Coin Auction 24, lot 4499 (2013)* $700 - 800

183. **MEDIEVAL ISLAMIC SPAIN: Fatimid Imitative**, AV 1/4 dinar (1.08g), NM, ND, cf. Album-715, contemporary imitation of a Fatimid 1/4 dinar of al-Zahir (1021-1036), likely from Spain, with many abbreviated words, and especially blundered marginal legends, choice XF**, RRR**, *ex Horizon Auction 1 Lot 393, ex SARC Auction 15 Lot 263* $500 - 600

The inscriptions in the obverse field are clearly those of al-Zahir, but the style is entirely Spanish, with the alifs of the obverse field engraved as a long single line at the far right of the field, as is common on late silver & gold coins of the Umayyads of Spain (late AH300s to very early 400s), and found on various coins of the later Taifas, probably until at least AH450. Thus, is it likely that this piece was struck somewhere in Spain, and because of the heavily blundered Arabic calligraphy, probably in the Christian north.

184. **HUDID OF DENIA: Sayyid al-Dawla Sulayman**, 1090-1099, BI dirham (4.25g), Daniya, AH483, A-393, decent strike, some light porosity, pierced in center, VF**, RR** $400 - 500

The last time that we offered an example of this type was in our September 2012 auction. That example was without date. Dénia is a port city on the Mediterranean coast of eastern Spain.

185. **DHU'L NUNID OF TOLEDO: al-Qadir Yahya II**, 1075-1085, AV fractional dinar (1.10g), NM, ND, A-T398, Zeno-264212 (this piece), circular legend in meaningless pseudo-Arabic // 2nd half of the kalima with the ruler's name *al-qadir billah* below, part of Qur'an verse 9:33 in the margin; contemporary imitation, probably made by a jeweler, mount removed, VF-XF**, RR** $150 - 250

Yahya II was in association with Alfonso VI or Léon & Castile from the beginning of his reign, and ceded the city of Toledo to Alfonso in 1085. This piece was likely produced either during his reign or later under Alfonso VI (1072-1109) or somewhat later.

186. **ABBADID OF SEVILLE: al-Mu'tamid Muhammad**, 1069-1091, AV fractional dinar (1.26g), al-Andalus (= Sevilla), AH[4]61, A-403A, ruler cited only as al-Mu'tamid 'ala Allah, plus the Hajib Sirâj al-Dawla and the local amir Hâshim (in Sevilla AH461-464); interesting flan crack, likely caused by striking, choice VF**, RRR** $1,000 - 1,300

Abbadid fractional dinars with fully legible mint & date are extremely rare (none listed on CoinArchives).

187. **TAIFAS ALMORAVIDES: Anonymous**, 1146-1155, AV dinar (4.11g), NM, AH545, A-405, Zeno-260598, cf. Vives y Escudero #2001, with the phrase *al-amr kulluhu lillah / (la) quwwa illa billah* ("all the power belongs to God / and there is no power except God's") instead of a ruler's name, very clear date; slightly creased, VF-XF**, RR** $700 - 1,000

This type was probably issued somewhere in southeastern Spain by local contenders opposed to the rising Kings of Murcia and the Almohades expanding from North Africa. The overall calligraphic style resembles some of the dinars minted in the early to mid 540s in and around the Spanish city of Jaén.

188. **KHAZRUNID: Wanudin**, before ca. 1048, AV dinar (2.33g), NM, ND, A-455, kalima in 3 lines // reference to the fictitious imam cited on many Spanish and North African coins, *al-imam / 'abd Allah / …,* with the bottom line perhaps an abbreviated title or the name of some undetermined official, bold strike with only minimum weakness, XF**, R** $300 - 400

189. **KHAZRUNID: Mas'ud b. Wanudin**, 1048-1053, AR qirat (0.85g), unknown mint, ND, A-457, legend *al-amir / mas'ud / bin wanudin* // uncertain legend arranged in a four-arm design, VF**, RRR** $150 - 200

Of all the gold and silver pieces we have seen, this piece shows the name Mas'ud bin Wanudin more carefully than any other example, silver or gold.

190. **KHAZRUNID: Mas'ud b. Wanudin**, 1048-1053, AR 1/2 qirat (0.67g), NM, ND, A-457, Brethes—, legend *al-amir / mas'ud bin / wanudin,* no marginal text, uniface, unpublished and probably unique, nice Fine**, RRR** $150 - 200

This is the first example of the half qirat we have seen, confirmed by the blank reverse.

191. **AMIRS OF FÈS (Banu 'Atiyya): Hamama b. al-Mu'izz**, 1031-1048, AE dirham (2.08g), Madinat Fès, AH431, A-H458, Fatimid style, derived from the regular issues of al-'Aziz (AH365-387), clear mint/date formula filling the inner and outer circular legends on the obverse, the name Hamama clear in the inner reverse margin and what is likely the name of the Fatimid Imam al-Mustansir in the outer margin; unpublished and unique, VF $300 - 400

192. **ALMORAVID: Yusuf b. Tashufin**, 1087-1106, AV dinar (4.18g), Aghmat, AH488, A-464.1, H-60, bold VF-XF $450 - 550

193. **ALMORAVID: Yusuf b. Tashufin**, 1087-1106, AV dinar (4.11g), Aghmat, AH499, A-464.2, H-122, citing the heir 'Ali, the son of Yusuf. as *al-amir*; very slightly uneven surfaces, XF**, RR** $650 - 750

'Ali was named as heir on gold dinars dated AH497-500 and on a few undated silver qirats.

194. **ALMORAVID: Yusuf b. Tashufin**, 1087-1106, AV 1/4 dinar (1.06g), Sijilmasa, ND, A-464A, in his full name, *yusuf bin tashufin,* trace of weakness, fully legible, faint flan crack, nearly VF**, RR** $250 - 350

195. **ALMORAVID: 'Ali**, 1106-1142, AV dinar (4.10g), Aghmat, AH508, A-466.1, H-160, Zeno-242693 (this piece), with the appropriate diacritics to each letter in the mint/date formula in the obverse margin; gorgeous strike of the finest delicate engraving, choice XF**, R** $400 - 550

196. **ALMORAVID: 'Ali**, 1106-1142, AV dinar (4.02g), Ishbiliya (Sevilla, Spain), AH521, A-466.2, H-220, citing the heir Sîr and the governor Yâshir, XF $700 - 900

197. **ALMORAVID: 'Ali**, 1106-1142, AV dinar (4.14g), Marrakesh, AH527, A-466.2, Hazard-325, citing 'Ali b. Yusuf and heir Sir below kalima, Qur'an 3:85 in margin // citing Imam 'Abd Allah as commander of the faithful, small scratch in reverse field, bold strike, VF-XF *, ex Ralph A. Cannito Collection* $350 - 450

198. **ALMORAVID: 'Ali**, 1106-1142, AV dinar (4.20g), al-Mariya (Almería, Spain), AH533, A-466.2, Hazard-361, citing the heir apparent Sir, who was replaced by his brother Tashufin in that year; superb strike for this mint during the AH530s, bold XF-AU , *ex SARC Auction 34 Lot 432* $1,000 - 1,200

199. **ALMORAVID: 'Ali**, 1106-1142, AV dinar, Sijilmasa, AH534, A-466.3, H-370, citing the heir apparent Tashufin; some central weakness, probably as struck, bold mint & date, NGC graded AU58**, R** $400 - 500

200. **ALMORAVID: 'Ali**, 1106-1142, AV dinar (4.20g), Fès, AH535, A-466.3, H-376, with heir Tashufin, mint without the prefix *madinat,* amazing delicate calligraphy, used only at Fès AH535-537, XF $700 - 850

201. **ALMORAVID: 'Ali**, 1106-1142, AV dinar (4.20g), Madinat Fès, AH536, A-466.3, H-378, with heir Tashufin, wonderful delicate calligraphy, used only at Fès AH535-537, XF $700 - 850

203. **ALMORAVID: Tashufin b. 'Ali**, 1142-1145, AV dinar, Nul Lamta, AH538, A-471.1, H-414, mint location is southwestern Morocco, F-VF**, R** $400 - 500

A Previously Unknown and Historically Significant Dinar, Likely Issued During The Chaos Following The Death of The Last Almoravid Ruler

204. **ALMORAVID: Abu Bakr b. Yahya**, fl. 1147/48, AV dinar (4.17g), Dar'a, AH542, A-476J, traditional Almoravid design and legends, with the name *abu bakr bin / yahya* below the obverse field, the mint & date in the reverse margin. It is likely that this was issued during the chaos following the death of the last Almoravid ruler Ishaq b. Ali in AH541/1146, bold XF**, RRRR** $6,000 - 8,000

Nothing seems to be known about Abu Bakr b. Yahya, though given the relatively short distance between Sijilmasa and Dar'a, it is possible that he was related to or the son of Yahya b. Abi Bakr, who struck dinars at Sijilmasa in 543, or even an inaccurate spelling of Yahya b. Abi Bakr. No other coins are known from the city of Dar'a, located a short distance southwest of Sijilmasa. The demise of the Almoravids in AH541 led to numerous local rulers issuing their own coins before the Almohad expansion in the 540s and 550s in both Spain and North Africa, known as the Taifas de los Almoravides.

205. **HINTATA: Sulayman b. Wanudin**, early 6th century, AR dirham (1.33g), NM, ND, A-477H, just the name Sulayman in the obverse center, Wanudin in the reverse center; divided kalima in the margins; struck during the rise of the Almohads, likely in exchange for military services that helped the its first Imam 'Abd al-Mu'min (AH524-558) attain power; unpublished and unique, F-VF, **RRRR** $300 - 400

The Hintata were based in the High Atlas east of Marrakesh, later in the city of Marrakesh itself. They provided military assistance to various Almohad and subsequent Merinid rulers. At some point in the AH520s or 530s Sulayman b. Wanudin was appointed as Almohad governor in Tlemcen, though it is more likely that the coins were actually struck further to the south, possibly as far away as the High Atlas. There are no known coins of the later Hintata rulers.

206. **HINTATA: Sulayman b. Wanudin**, early 6th century, AR 1/2 dirham (0.53g), NM, ND, A-477J, just the name Sulayman in the obverse center, no marginal legend and uniface; struck during the rise of the Almohads, likely in exchange for military services that helped its first Imam ‘Abd al-Mu’min (AH524-558) attain power; unpublished and unique, F-VF, **RRRR** $200 - 300

207. **ALMOHAD: Abu Muhammad ‘Abd al-Mu’min**, 1130-1163, AV 1/2 dinar (2.31g), Fès, A-478, Zeno-239342 (this piece), mint name repeated below the obverse & reverse square, bold VF-XF $220 - 280

208. **ALMOHAD: Abu Muhammad ‘Abd al-Mu’min**, 1130-1163, AV 1/2 dinar (2.31g), Fès, A-478, abbreviated forms of the mint name repeated below obverse & reverse square, VF $200 - 250

209. **ALMOHAD: Abu Muhammad ‘Abd al-Mu’min**, 1130-1163, AV 1/4 dinar (1.15g), NM, ND, A-479, H-467, superbly elegant text engraving, wonderful XF**, R** $250 - 350

210. **ALMOHAD: Abu Hafs ‘Umar**, 1248-1266, AV 1/2 dinar (2.29g), NM, A-492, VF**, R** $220 - 280

211. **ALMOHAD: Abu Hafs ‘Umar**, 1248-1266, AR square dirham (1.54g), al-Hadra al-Mu’miniya al-Murtadiya, ND, A-493A, type identical to Nicol-, cf. Gaspariño, Jarique IV pp. 213-226, standard Almohad inscriptions in Kufic script; nearly the finest example we have handled; always undated, choice XF $150 - 250

212. **HAFSID: Abu Zakariya’ Yahya I**, 1230-1249, AV dinar (4.68g), Sabta (Ceuta, Spain), ND, A-499S, H-553, Zeno-253654 (this piece), slightly wavy surfaces, but fully legible and quite attractive; this is only Hafsid type struck at Sabta, which was never technically under Hafsid rule, bold VF**, RRR** $500 - 600

According to Tonegawa, this was technically an issue of the governor of Sabta, Abu ‘Ali Khalâs (635-647), who rebelled against his Almohad overlord in 640 and issued coins in the name of the Hafsid ruler.

213. **HAFSID: Abu Yahya Abu Bakr II**, 1310-1346, AV dinar (4.72g), NM, A-507.2, with the title *amir al-mu’minin* as general ruler AH718-747; nice strike, strong VF $400 - 450

214. **HAFSID: Abu Faris ‘Abd al-’Aziz II**, 1394-1434, AV dinar (4.75g), Qafsa, A-511, rare mint, now Gafsa in southwestern Tunisia; some weakness on both sides, F-VF**, R** $350 - 450

215. **ZIYANID: Abu’l-’Abbas Ahmad I**, 1431-1462, AV dinar (4.67g) (Tilimsan), A-519, H-665, VF-XF**, R** $400 - 500

216. **MERINID: Abu Yahya Abu Bakr**, 1244-1258, AV dinar (4.28g), ND, A-520, totally anonymous; slightly bent, VF $325 - 400

Elhadri has reassigned this type to Abu Ya’qub Yusuf (1286-1307), having demonstrated that there were no Merinid coins struck during the reign of Abu Yahya Abu Bakr.

217. **MERINID: temp. Abu Ya’qub Yusuf**, 1286-1307, AV dinar (4.62g), NM, A-524, H-725, anonymous reverse legend *al-mulku lillah wahdahu / la quwwa illa billah / al-’azuma lillah / wa ma al-nasr illa min ‘ind Allah / al-’aziz al-hakim*, bold VF $400 - 500

218. **MERINID: Abu Sa’id ‘Uthman II**, 1310-1331, AV dinar (4.68g), Fès, A-527, H-726, VF $400 - 500

219. **MERINID: Abu Sa'id 'Uthman II**, 1310-1331, AV dinar (4.53g), Sijilmasa, A-527, H-732, VF $350 - 450

220. **MERINID: Abu Sa'id 'Uthman II**, 1310-1331, AV 1/2 dinar (2.20g), Sijilmasa, ND, A-A528, 4-line legends in the field on both sides, slight weakness, VF**, RR** $200 - 250

Hazard lists this type only for the mints of Fès and Marrakesh.

221. **MERINID: temp. Abu'l-Hasan 'Ali**, 1331-1351, AV dinar (4.61g), Fès, A-528.2, Zeno-250384 (this piece), with the Nasrid term *la ghalib illa Allah* (4th line of the reverse field); slightly uneven surfaces; full bold strike, XF $400 - 500

222. **MERINID: temp. Abu'l-Hasan 'Ali**, 1331-1351, AV dinar (4.57g), Fès, A-528.2, cf. Zeno-250384, with the Nasrid phrase *la ghalib illa Allah* (4th line of the reverse field); slightly uneven surfaces; full bold strike, VF $350 - 450

223. **MERINID: temp. 403. **QALHATI AMIRS: Rukn al-Dunya wa'l-Din Mas'ud b. Mahmud**, ca. AH650's-670's, AV dinar (4.23g), NM, ND, A-—, Zeno-181827 (this piece), legends: *al-amir …. / Allah muhammad bin / mas'ud bin / mahmud // al-malik al-'adil / rukn al-dunya wa'l-d- / -in mas'ud bin / mahmud*; uncertain ruler, but quite likely an unrecorded son of Shihab al-Din Mahmud, who died about AH641, succeeded by his cousin Muhammad b. Hamad, who ruled 641-677, some weakness of strike around the rims, known only from this specimen posted on Zeno, unique and of great historic interest, XF**, RRRR** $1,000 - 1,500

The Qalhati Amirs (also referred to as the Kings of Hormuz) were a dynasty of Omani Arab origin that ruled for several centuries at Hormuz and Jarun. The Strait of Hormuz is a strait between the Persian Gulf and the Gulf of Oman, and provides the only sea passage from the Persian Gulf to the open ocean. As such the Qalhati Amirs were able to exert considerable influence at this critical trade route choke point.

In our opinion, this piece is either Qalhati or one of the contemporary rivals. The design and calligraphy suggest sometimes in the period between about the 640s and the 680s, perhaps before about 658, when most of southern Iran fell under Ilkhan suzerainty, although some areas may have resisted the Ilkhans for another decade or two. There was a Qalhati amir named Mahmud, who died circa AH 641 and was succeeded by cousin Rukh al-Din Muhammad, who ruled 641-676 and was succeeded by his son Sayf al-Din Nusrat (676-689), then briefly by the brother Mas'ud in 689 (and perhaps slightly later as well). The dinars of Sayf al-Din Nusrat are calligraphically very similar to this piece, but do not cite an Ilkhan overlord. The phrase al-malik al-'adil on Nusrat's dinar (Zeno-39309) is almost identical to the phrase and its arrangement on this piece.

So might the Mahmud have had a son Mas'ud, who took over or rebelled somewhere in the Qalhati territories? Or was the Mas'ud listed in the dynasty actually the son of Mahmud rather than Muhammad, and claimed the throne somewhere, but without recognizing the Ilkhan? Or did Mas'ud rebel against Muhammad and associate himself with the previous ruler Mahmud? Further research is necessary to answer these questions.

418. **GREAT MONGOLS: Töregene**, 1241-1246, AR dirham (2.73g), Ahar, AH64x, A-1976, Vardanyan—, horseman left, turned back and shooting arrow, hare below, *ulugh mughul ulush bik* above ("chief of the great Mongol nation") // kalima, with the mint and date formula around, fully legible mint name above; still unique for this mint, F-VF**, RRR**, *ex Dr. Dirk Löer Collection* $500 - 700

First known example of this mint (previously sold in the Horizon Auction 1, lot 517), unlisted by Vardanyan. Ahar had been the sole mint for the Pishkinids, who ruled at Ahar for several decades before the Mongol conquest, and became an important copper-mining center in the 20th century.

419. **GREAT MONGOLS: Töregene**, 1241-1246, AR dirham (2.75g), Ganja (642), A-1976, Vardanyan-6 (same dies), horseman right, turned back and shooting arrow, *ulugh mughul ulush bik* above ("chief of the great Mongol nation"), Chinese dragon below, uncertain object right of the horse's rump // kalima in center, mint and date around (date almost entirely off flan, but confirmed by die-link), VF**, RR** $500 - 650

420. **GREAT MONGOLS: Töregene**, 1241-1246, AR dirham (2.85g), Tiflis (Tblisi, Georgia), AH643, A-3750G, Bennett-237, Jalaghania-15, obverse in plain 6-point star rather than the normal hexagram on the Tabriz mint issue also dated AH643 (and resumed AH650-670, type A-2132), same reverse as A-2132; second known specimen, the only other example was published by Jalaghania in 1958, beautiful VF**, RRRR** $500 - 600

421. **GREAT MONGOLS: Güyük**, 1246-1249, AR dirham (2.70g), Tiflis, Koronikon-467 (1247 AD), A-1976G, Bennett-244, king on horseback right, king's name right & date left, both in Mtavruli script // Arabic legend translates as "by the power of God / dominion of Güyük / qa'an - the slave / David malik" (king Davit Narin, who ruled Georgia 1246-1293), mint name to right; overstruck on an Islamic dirham of the previous Great Mongol Töregene (type A-1976), choice VF**, RR** $1,200 - 1,500

The last two letters of the Arabic legend above the horseman on the dirhams of Töregene are visible at the lower right of the reverse, thus confirming the host type. A similar example sold in our Auction 45, lot 1432.

422. **GREAT MONGOLS: Möngke**, 1251-1260, AV dinar (4.58g), Astarabad, ND/DM, A-V1977, crude style typical of the Astarabad mint, about 40% flat strike, very crude VF-XF , *ex Dr. Dirk Löer Collection* $300 - 400

423. **GREAT MONGOLS: Möngke**, 1251-1260, AR dirham (2.81g), Tiflis, AH651, A-1977D, Bennett-252, Pakhomov-79, Kap-86, citing the local ruler of Georgia, Da'ud b. Kiyurki (David, son of George), full bold date and mint, gorgeous strike, XF**, RR** $600 - 700

424. **GREAT MONGOLS: Anonymous**, ca. 1230s-1240s, AV dinar (4.26g), MM, DM, A-A1967-var, Zeno-323872 (this piece, with long discussion), an amusing issue, citing the caliph al-Nasir (AH 575-622) on one side and his 2nd successor, the caliph al-Mustansir (623-640), on the reverse; the style is similar to dinars of Almaligh (without al-Mustansir, of course!), and this suggests a mint somewhere at or near Almaligh; appears to be unique, VF**, RRR** $500 - 700

Petrov has suggested the dating of 1230s-1240s, which makes sense. The only Great Mongol dinars that cite al-Mustansir is type A-V1973, struck at Taraz but of totally different style and calligraphy. Some have categorized this as a "mule", but it seems more likely that the presence of 2 different caliphs is merely the result of using whatever dies were at hand at the location.

425. **GREAT MONGOLS: Anonymous**, AE broad dirham (7.44g), Bukhara, AH663, A-A1979.2, mint name in obverse center, Chinese character *ke* ("tax") in reverse center, nice strike with almost no weakness; bold mint & date, VF**, R** $300 - 400

432. **GREAT MONGOLS: Anonymous**, ca. 1220-1280, AV burial bracteate (0.30g), blundered Arabic legend in the center, beginning with *‘azza man …*, probably ending in *man tama’*, thus some good luck phrase, with what is likely another “good luck” Arabic phrase in the margin, chipped (likely in removal from whatever it was attached to), XF**, RRR** $200 - 300

We have not deciphered the central phrase, but the style resembled some later Great Mongol and very early Golden Horde pieces. It was found together with a copper coin of Bukhara dated AH617 (Zeno-213042).

433. **CHAGHATAYID KHANS: Qazan Timur**, 1343-1346, AR dinar kebeki (7.77g), Badakhshan, AH[74]3, A-2004, Zeno-1926 (same dies), unusual obverse, with the ruler cited as *al-khaqan al-a’zam mâlik ruqab al-ummam sultan qazân*, where the middle legend means “possessor of the necks of the people”, VF**, RRR** $200 - 300

442. **ILKHAN: Ghazan Mahmud**, 1295-1304, AR dirham (2.55g), Baghdad, AH696, A-2169, first reform issue of Ghazan Mahmud, introduced in AH696 at the 2.52g weight standard as the previous Ilkhan dirhams (AH678-696), reduced to 2.16g later the same year. The 2.52g version is known only in silver, from Baghdad and Tabriz; this is by far the finest known example, choice XF-AU**, RRRR** $800 - 1,000

The only examples on CoinArchives were sold in our auctions 16, 36, and 42, none the quality of this example. The revised format at 2.16g moved the mint name formula from the right and left edged of the kalima to the space between the 1st and 2nd lines of the kalima.

443. **ILKHAN: Ghazan Mahmud**, 1295-1304, AR double dirham (4.32g), Tiflis, AH698//698, A-2172, Bennett—, standard type for Ghazan Mahmud, but with the mint name below the name *muhammad* on the reverse, unlisted by Bennett, who cites only the single dirham (type A-2173) for the mints Tiflis and Akhalsikh (in southwestern Georgia); appears to be unpublished, choice VF-XF**, RRR** $250 - 350

Bennett lists only the single dirham of Tiflis, with his #364 for Tiflis AH698. There are no examples of the double dirham on CoinArchives or Zeno.

447. **ILKHAN: Muhammad Khan**, 1336-1338, AV dinar (2.85g), Qara Aghach, AH737, A-2226, Bennett-434, type A, copying the type H of Abu Sa'id but with his name *muhammad khan* in Arabic and the date in the standard Hijri calendar; magnificent VF-XF**, RRR** $350 - 450

Qara Aghach was a secondary mint city in Georgia, operating only AH737-758, not be confused with the mint Qaraghach in western Anatolia, active in the Beylik states in the early 8th century Hijri. Muhammad's type A for Qara Aghach was reported only by Diler, but Bennett was unable to find an illustration. Only type B is illustrated on Zeno.

Sa'id Khan founded the Khanate of Yarkand (in Xinjiang province, China) in 1514, and quickly moved its capital to Kashghar. He was the only member of the dynasty, which survived at Yarkand for nearly 300 years, to strike coins in silver, but a few examples have recently been discovered. Later coins of the Khanate of Yarkand are excruciatingly crude copper coins (types E3008-H3008).

458. **JANID: Yar Muhammad Khan**, 1598-1599, AR tanka (4.66g), MM, AH1008, A-3011, *yar muhammad bahadur khan* within central octofoil, style of the Bukhara mint, and apparently the first reported tanka of Yar Muhammad with a clear date, on the reverse above the left part of the name *muhammad*, VF-XF**, RRR** $150 - 200

Civic Copper

465. **CIVIC COPPER:** AE falus (2.66g), Sar-i Pol, blundered date, A-S3260, KM-98, *falus*, sword above // clear mint name, *zarb-i sar-i pol*, nice strike for this mint, F-VF**, RRR**, *ex SARC Auction 18 Lot 841* $200 - 300

Cf. Zeno-109337 & 109339 for two more examples, both much cruder than this example. Date is perhaps blundered version of AH1271, which would be appropriate for this style and fabric.

Sar-e Pol or Sari Pul is the capital city of the province of Sar-e Pol Province in northern Afghanistan.

542. **GUJARAT: Mahmud I**, 1458-1511, AV heavy tanka, NM, ND, G-—, obverse legend *al-sultan mahmud shah bin muhammad khulid khilafatuhu* (exact version not noted by Goron and none on CoinArchives or Zeno); reverse legend *al-wathiq bi-ta'yid al-rahman nasir al-dunya wa'l-din abu'l-fath* (exactly as Goron-G78 but different die, also the same reverse as G82); removed from jewelry (barely noticeably at the top of the reverse and on the edge); unpublished and presumably unique, NGC graded UNC details**, RRR** $1,300 - 1,700

A Stunning Gold Sawai (Heavy) Mohur of Jahangir in Mint State 61!

A consummate lover of fine arts, Jahangir was known from his diary to dictate the designs and specifications of novel coinage (see the English translation by Rogers & Beveridge, London, 1909). Among them was the Nur-Jahani mohur, which weighed 20% more than the standard mohur and was ordered to replace the latter (p.11). In a later entry, he further alludes to the striking of mohurs with one and a quarter times the weight, or "sawa'i" in Persian, before finally returning to the original weight standard (p.197 & errata p.450). This distinct type, which was 25% heavier, thus came to be known as the sawai mohur. As with most types of gold among Jahangir's dazzling and prolific output, the sawai mohur was struck in limited quantities solely as a presentation issue for court officials and foreign dignitaries.

553. **MUGHAL: Jahangir**, 1605-1628, AR rupee, Surat, year "81" (retrograde 18), KM-148.1, month of Azar; the Hijri date is largely off flan but from the tops of the last two digits it is almost certainly AH1033, NGC graded MS64 $200 - 300

556. **MUGHAL: Aurangzeb**, 1658-1707, AV mohur (10.96g), Aurangabad, AH1079 year 11, KM-315.10, with the "9" of the Hijri date recut over "8" (for 1078); magnificent almost perfect strike, NGC graded MS66 $1,100 - 1,300

557. **MUGHAL: Farrukhsiyar**, 1713-1719, AR rupee (11.33g), Tatta, year one (ahad), KM-376, with special couplet, naming Ahmad as *sahib qiran salis*, "the third lord of the auspicious conjunction", phrase used only for this mint & year, without any testmarks, strong VF**, RR**, *ex Paul Stevens Collection, ex SARC Auction 23 Lot 1589* $200 - 300

This is a historically important type, not noted in the three publications cited here, nor in Sieg's, nor with any of the specimens sold by Brunn. This piece (4.04g) and the one sold in our Auction 20, lot 1702 (4.37g) reveal that this type retains the roughly 4.00g weight standard of Christian IV, reduced to about 2.85g for Frederik III (individual specimen of Frederik III vary from about 2.20g to 3.65g, the range of all other examples in this auction). It is possible that the earlier issues of Frederik III adhere to a standard of about 3.0g, reduced to about 2.5g towards the end of his reign.

They are found in northeastern Henan and Shanxi Provinces, the territory of the Duchy of Jin, later to become the State of Zhao. Their shape seems to be designed for ease of tying together in bundles, rather than deriving from any particular agricultural instrument.

Refer to article in Shanghai Symposium, The Bai Jin San Ping Coinage of Han Wudi: Early Influences From the Silk Road by James T. Anderson. The Tangut script (xi xià wén) was a logographic writing system, used for writing the extinct Tangut language of the Western Xia Dynasty. There are only five coin types in Tangut script and all are very rare.

See Belyaev & Sidorovich (2023) for an in-depth discussion on this series ("Apropos of the coins with the legend zhou-yuan tong-bao from the finds in Kyrgyzstan" in Revue de la Société de Numismatique Asiatique, vol. 47, pp. 37-44), as well as Zeno for an overview of Western Liao coinage (http://www.zeno.ru/showgallery.php?cat=9299).

The empire was usurped by the Naimans under Küchlük in 1211. The empire was finally destroyed by the Mongol Empire in 1218.

"Open-work" charms are one of the major types of ancient Chinese charms. They are referred to in Chinese as lou kong qian "hollowed out" money and ling long qian "elegant" money. Chinese open work charms have irregular shaped "openings" between their exquisite design elements. They are round and almost always have a round hole in the center. Openwork charms became very popular and were often worn for personal adornment during the Song, Yuan, and Ming dynasties.

In 1698, Tsar Peter I of Russia instituted a beard tax as part of an effort to bring Russian society in line with Western European models. To enforce the ban on beards, the tsar empowered police to forcibly and publicly shave those who refused to pay the tax. Those who paid the tax were required to carry a "beard token." However, from a financial standpoint, the tax was unsuccessful due both to the relatively low number of people unwilling to shave their beards and an overestimation of the ability of the Russian state to administer and collect the tax. In 1772, the tax was formally repealed by Catherine the Great.

The official counterstamps were only applied to copper host coins, and the practice ceased in 1834 when the shortage was resolved. Fantasy stamps such as the present example are quite common within the series, and are easily identified as no official countermarks were applied to silver hosts, as well as by the style of the star and the quality of the die cutting.

We based this on the Cuban Souvenir Peso of 1897 which was issued in New York City to raise money for the Cuban Freedom Fighters. The 1715 Treasure Fleet was a Spanish treasure fleet returning from the New World to Spain. At two in the morning on Wednesday, July 31, 1715, seven days after departing from Havana, Cuba, under the command of Juan Esteban de Ubilla, eleven of the twelve ships of this fleet were lost in a hurricane near present-day Vero Beach, Florida. Because the fleet was carrying silver, it is also known as the 1715 Plate Fleet (plata being the Spanish word for silver). According to Cuban records around 1,500 sailors perished while a small number survived on lifeboats.

In 1907, the Palo Seco Leper Colony officially opened on the Canal Zone's rocky Pacific shore. In 1919, the administrators set up a system to compensate people according to their "efficiency" or "physical" ratings based on their disabilities. Levels A, B, C, and D earned 10, 8, 6, and 4 cents per hour, respectively, money the residents could use to buy small items for themselves. The money the residents were issued had limitations as well. Starting in 1919, Palo Seco had its own brass and aluminum coins, which are coveted among collectors today. These reinforced the administrators' patronizing attitude: unlike a system of ledgers, the simulated currency was supposed to make Palo Seco's residents feel more independent. The special tokens also quelled the public's fears about money being handled by people with Hansen's disease, and they were supposed to prevent the residents from buying rum or using their small savings to escape, either temporarily or permanently. The tokens, struck in 1919, served until 1952 and were largely destroyed in 1955 after demonetization.

1894. **ARAB-SASANIAN: Anonymous**, ca. 680-720, AE pashiz (0.88g), NM, A-40, Gyselen-81-var, two facing Byzantine busts, each without wearing a cross, with some meaningless "Latin" legend // normal cross pattée on 4 steps, blundered "squiggles" left & right; possibly an unpublished variety; tiny piercing at the top of the obverse, Fine**, RRR** $100 - 150

1895. **ARAB-SASANIAN: Anonymous**, ca. 700-720, AE pashiz (0.81g), BYSh (Bishapur), A-S45, Gyselen-4, Sasanian bust right, with Arabic *ja'iz* ("current") to right, Pahlavi GDH to left // winged horse right, mint initial above; especially lovely reverse, VF**, RR** $100 - 150

1900. **TABARISTAN: Nusayr**, 784-785, AH 1/2 drachm (1.84g), al-Rayy, AH168, A-L73, the name Nusayr in Pahlavi on the obverse, the mint & date in Arabic instead of Pahlavi on the reverse; attractive example, VF-XF $150 - 200

1901. **ARAB-BUKHARAN: Muhammad**, ca. 761-769+, BI drachm (3.15g), NM, ND, A-93, Zeno-68466, Sasanian style obverse & reverse, citing the heir-apparent al-Mahdi (caliph 775-785) to the Abbasid caliphate by his personal name Muhammad, bold strike and relatively pure silver, XF**, RR** $150 - 200

1902. **ARAB-BUKHARAN: Anonymous**, ca. 730-750, AE fals (1.40g), NM, A-96U, Smirnova-1674, the "dancing man" tamgha of Paykend (former city near Bukhara) // denomination *'asharin wa mi'a bi-dirham* ("120 to the dirham"); without any weakness or damage, VF**, RRR** $120 - 160

A poor quality example was sold in our Auction 35, lot 777. This type can also be classified as Umayyad.

1903. **GHUZZ OF SYR DARYA: 'Abd Allah b. Tahir**, ca. 830-845, AR drachm (1.39g), A-100.2, cf. Zeno-184344, Afrighid style bust right, citing the Tahirid ruler 'Abd Allah b. Tahir in Arabic to right (divided in 2 lines, rare variety) // horseman right, pseudo-Choresmian legend around, Arabic *namîj jabuya* above the horse's rump, slightly weak portrait, VF**, R** $150 - 200

1904. **GHUZZ OF SYR DARYA: 'Abd Allah b. Tahir**, ca. 830-845, AR drachm (1.53g), A-100.2, cf. Zeno-184344, Afrighid style bust right, citing the Tahirid ruler 'Abd Allah b. Tahir in Arabic to right (mostly off flan) // horseman right, pseudo-Choresmian legend around, Arabic *namîj jabuya* above the horse's rump, fine portrait, about 10% flat, bold VF**, R** $140 - 180

"Jabuya" means "Yabghu", generic term for Central Asian rulers; the meaning of "namij" is unknown.

1905. **ARAB-BYZANTINE: Anonymous**, ca. 660, AE round fals (2.98g), A-3523A, Foss-31, *muhammad* left of standing figure, weak on this piece // cross above and *ba'd* below cursive **m**; the round version is much rarer than the square version, F-VF**, RR** $100 - 150

Foss has suggested a date range of 647-658 but in my opinion, the 660s seem the most likely. In any case, this would be the earliest Islamic coin to bear the name Muhammad in Arabic, which first appears on silver drachms in AH66 (685 AD).

1906. **ARAB-BYZANTINE: Justin & Sophia type**, ca. 670-700, AE 1/2 fals (4.37g), Baysan, ND, A-3510, two seated figures derived from Justin & Sophia, no legend // capital K (for "20" nummi), cross above, mint name in Arabic to left, lazy I to right, crescent below, pleasing Fine**, R** $120 - 160

1908. **ARAB-BYZANTINE: Standing Caliph**, ca. 692-697, AE fals (2.85g), Harrân, A-3537, standing figure with Arabic *muhammad* to left and mintname to right // circle-on-steps, Greek monogram to left and Arabic *muhammad* to right, Greek IS (likely as the numeral "16" and indicating its equivalence to 16 qirats), unusual style unique to this mint, nearly VF**, RR** $100 - 150

1909. **ARAB-BYZANTINE: Three Standing Figures**, ca. 695-705, AE fals (3.10g), Tabariya, A-3512A, SICA-1:532, Fass-88, Bone-7, capital M on reverse, Arabic mint name *tabariya* right, crudely engraved Greek abbreviation THE to left, mysterious Arabic word *qutri* below, VF**, RR** $100 - 150

The word "qutri" means "metal", which seems odd on this coin. Another interpretation is "qatari", which might refer to the governor Qatari, who lead the Kharijite opposition in Fars and Kirman and is well-known for Arab-Sasanian drachms, but was not known to have had any authority in Palestine.

Early Post-Reform

1910. **UMAYYAD: 'Abd al-Malik**, 685-705, AR dirham (2.34g), Wasit, AH84, A-126, Klat-628, first issue at the newly founded city of Wasit, roughly halfway between al-Kufa and al-Basra; clipped down to a lighter standard, strong VF**, R** $150 - 200

1914. **UMAYYAD: Hisham**, 724-743, AR dirham (2.66g), Adharbayjan, AH106, A-137, Klat-25a, without the triplet of dots below the reverse, VF-XF $150 - 200

The name Balkh al-Baydâ ("the White Balkh") was a temporary name for the city of Balkh, used only AH111-112 for both silver and copper coins.

A aimilar example was sold in our Auction 47, lot 118.

1920. **UMAYYAD: Anonymous**, ca. 730s, AE fals (1.81g), Balkh, ND, A-X197, legends *bism Allah duriba hadha'l-fals* // *bi-balkh sittin li-dirham ja'iz* "sixty to the dirham, current", no inscriptions in the margins; appears to be an unpublished type, with style similar to Balkh fulus of the AH110s and early 120s, VF**, RRR** $100 - 150

1922. **UMAYYAD: Anonymous**, ca. 720-750, AE fals (2.02g), NM, ND, A-J206, simple legends, the kalima divided between the centers of the obverse & reverse, the denomination *sittin bi-dirham ja'iz* in the reverse border ("sixty to the dirham, current"), VF-XF**, RRR** $120 - 160

The style and calligraphy suggest that this type was minted at or near Balkh in eastern Khorasan.

1923. **UMAYYAD: Anonymous**, ca. 730-750 of slightly later, AE fals (3.22g), NM, A-K206-var, after first half of kalima, *'amal al-nasir billah wa sittin bi-dirham,* ("ordered by al-Nasir Billah and 60 to the dirham") // second half of the kalima below *bism Allah*; appears to be unpublished, VF**, RRR** $120 - 160

This may have been somewhat after the Umayyads, during the first few decades of the Abbasids.

1924. **UMAYYAD:** AE fals (1.78g), NM, ND, A-O206, Gyselen-71, eastern issue; legends exactly as the standard Syrian type A-153 but with the Pahlavi word APD ("good") added above *muhammad / rasul / Allah* on the reverse; one of finest known examples of this type, XF**, RR** $100 - 150

Dated by Treadwell circa AH96-100 (about 695-700 AD), just before mints & dates were added. The mint(s) of issue are undetermined, but all known examples share the calligraphy and broad thin flan characteristic of the fulus of al-Basra & al-Kufa dated 100-102.

1925. **UMAYYAD: Anonymous**, ca. 720-750, AE fals (1.51g), NM, ND, A-P206, Smirnova—, Central Asian style bust right // undeciphered two-line Arabic legend, perhaps the name of a local governor; appears to be unpublished, VF**, RRR** $100 - 150

1929. **UMAYYAD/ABBASID:** AV burial piece (0.88g), 18mm, imitating the Constantinople solidus of Constantine IV (668-685): crowned head facing, a few Latin letters around // cross on steps in center with traces of standing figures of Heraclius and Tiberius (Sear-1156), crude F-VF**, RR** $150 - 200

New research has suggested that types with dard and other non-standard words or names in the reverse field were struck not at the al-Muhammadiya associated with Rayy near Tehran but with an undetermined mint somewhere in Armenia.

1943. **ABBASID: al-Ma'mun**, 810-833, AR dirham (2.86g), Marw, AH215, A-223.6, a minor edge mark at obverse lower-left, a lovely bold example, choice VF-XF**, R***, ex SARC Auction 21 Lot 244* $150 - 200

NOTES

NOTES

TERMS OF SALE

1. Auction Basics. This is a public auction sale conducted by California bonded auctioneers, Stephen Album Rare Coins Inc. (hereinafter referred to as "Auctioneer"). Bidding in this Auction constitutes acceptance by you (the "Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction consigned by the consignor or by other consignors pursuant to their consignment agreement. The Auctioneer reserves the right to include in any auction sale its own material. Bidder acknowledges and agrees that the Auctioneer may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting there from is expressly waived by all participants in the Auction. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stephen Album Rare Coins Inc. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stephen Album Rare Coins Inc. is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stephen Album Rare Coins Inc. and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. Stephen Album Rare Coins Inc. does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or their agent, a Bidder by mail, telephone, internet or fax, or any other participant in the Auction. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in his or her sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid or pre-sale internet bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces it.

Absentee bids may be placed by fax, mail, email, or by telephone. Online bidding is also available on www.iCollector.com. Follow the link on our website, www.stevealbum.com in order to bid online. Your bids will be treated as a maximum bid. The winning bid will be one increment above the next highest bidder, or at the starting bid.

Stephen Album Rare Coins Inc. is not responsible for any errors in bidding. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stephen Album Rare Coins Inc. reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction.

4. Buyer's Premiums and Payments. A Buyer's Premium of twenty percent (20.0%) will be added to the hammer price for each lot to all successful bids. Accepted payments are by Visa, MasterCard, American Express, PayPal, cash, cashier's check, money order, approved personal check or bank wire transfer. If the purchaser pays by credit card (including credit-debit cards) or by PayPal, an additional service fee of four percent (4.0%) will be added. This service fee will apply to the hammer price, buyer's premium, shipping, and sales tax. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction (the "Default Date"), without exception, time being of the essence, unless otherwise agreed in writing prior to the Auction. Any bidder who does not pay within the standard deadline of fourteen (14) calendar days, regardless of any approval of alternative payment arrangements, may be considered a negligent payer and may be subject to increased scrutiny and additional requirements in order to participate in future auctions. If a credit card is provided before the sale, Stephen Album Rare Coins reserves the right to charge your credit card for the total of your auction purchases if payment has not been received within the fourteen (14) calendar days deadline. All auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Personal checks must clear our bank before lots are delivered. Bounced or returned checks are subject to a $35 fee.

Payments by PayPal are restricted to a maximum of $5,000 per client. Payments by credit card are restricted to a maximum of $10,000 per invoice. If a credit card has been used to pay for one invoice from the auction, it may not be used to pay for another invoice in the auction, regardless of the total amount of either invoice. We reserve the right to modify these payment limits, and we reserve the right to refuse payment by credit card or PayPal at our discretion, in which case a bank wire, check, or cash equivalent will be required.

Please contact Stephen Album Rare Coins Inc. for wiring instructions. Please inform us after bank wire has been sent. Please be advised that payments coming by wire transfer usually only take a few days to arrive, but in rare cases they can take up to a few weeks to arrive due to US government regulating, resulting in a delay of shipment of your lots. Lots will not be shipped until your full payment has arrived in our bank account. There is a $15 fee for all bank wire transfers.

Stephen Album Rare Coins Inc. reserves the right not to release lots for which funds have not yet been received in full. On any past due accounts, Stephen Album Rare Coins Inc. reserves the right, without notice, to extend credit and impose carrying charges of 1% per month. Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stephen Album Rare Coins Inc. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stephen Album Rare Coins Inc. reserves the right to require a written guarantee of such payments and obligations.

Lots are not available for pickup during the auction. Lots may be available for on-site pickup on the Monday following the sale if a formal request for pickup is provided by the Buyer before the auction, during the auction, or within 1 hour of the close of the final lot on the final day of the auction. We reserve the right to refuse this request for pickup, at our discretion. For on-site pickup, we will only accept cash or a bank transfer. If paying by bank transfer, the funds must reach our account before we will allow you to collect your lots.

5. Credit. Bidders who have not established credit with Stephen Album Rare Coins Inc. must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction session(s) or such other amount as Stephen Album Rare Coins Inc. may, in its sole and absolute discretion, require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

6. Shipping and Insurance. It is the Buyer's responsibility to contact Stephen Album Rare Coins Inc. after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stephen Album Rare Coins Inc. may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. All state taxes, postage, shipping, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stephen Album Rare Coins Inc. no later than thirty (30) days after payment. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Delivery outside the USA will be by USPS registered mail, express mail or by FedEx and will include insurance on all shipments up to $50,000. Buyers will be billed additional insurance charges on a shipment or combined shipments valued at above $50,000. Any claims of loss or damage will only be paid by Stephen Album Rare Coins Inc. only after the insurers' investigation is complete. If the Buyer opts for another form of shipment other than the above, items will be shipped at their risk and they will assume all risk due to theft, damage or loss. 7. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stephen Album Rare Coins Inc. reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stephen Album Rare Coins Inc., in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stephen Album Rare Coins Inc. to satisfy the indebtedness, plus all accrued charges, and Stephen Album Rare Coins Inc. may charge a seller's commission that is commercially reasonable. Buyer shall also be liable to Stephen Album Rare Coins Inc. for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stephen Album Rare Coins Inc., or assignees, the right to offset any sums due, or fund to be due to Stephen Album Rare Coins Inc., and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of the Auctioneer or from any sums due to Buyer by Stephen Album Rare Coins Inc., its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stephen Album Rare Coins Inc., or its assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stephen Album Rare Coins Inc., its affiliates or assignees, to secure all indebtedness due to Stephen Album Rare Coins Inc., plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stephen Album Rare Coins Inc. the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stephen Album Rare Coins Inc. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one percent (1%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stephen Album Rare Coins Inc. or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction. Stephen Album Rare Coins Inc. reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stephen Album Rare Coins Inc. shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

8. Disclaimer and Warranties.

a) Coins listed in this catalog graded by PCGS, NGC or ANACS cachet or any other third party grading service or examined by the buyer prior to the auction sale may not be returned for any reason whatsoever by any Buyer, except for claims related to authenticity.

b) For non-certified coins that have not been examined by the Buyer prior to the Auction: if it is determined in a review by the Auctioneer that there is a material error in the catalog description of a non-certified coin, such lot may be returned, provided written notice is received by the Auctioneer no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stephen Album Rare Coins Inc., in their original, containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

c) If an item or items are returned pursuant to the terms herein, they must be housed in their original container. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges except for items proven not genuine.

d) Group lots are SOLD AS IS. We will not accept returns on group lots. Please examine group lots carefully before bidding.

e) Grading or condition of rare coins may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of the Auctioneer. Auctioneer shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f) All oral and written statements made by Stephen Album Rare Coins Inc. and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stephen Album Rare Coins Inc. has authority to vary or alter these Terms and Conditions of Auction. Any alteration shall be effective only if in writing and signed by an officer of Stephen Album Rare Coins Inc. authorized to do so. Stephen Album Rare Coins Inc. reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stephen Album Rare Coins Inc. authorized to do so.

g) Bidders shall have no recourse against the Consignor for any reason whatsoever.

h) Bidder acknowledges that the coin market is speculative, unregulated and volatile, and that coin prices may rise or fall over

time. Stephen Album Rare Coins Inc. does not guarantee that any customer will be able to sell for a profit in the future.

i) Bidder acknowledges and agrees that neither Stephen Album Rare Coins Inc., nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be held liable for such events.

9. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stephen Album Rare Coins Inc., and its respective affiliates, parents, shareholders, agents, subsidiaries, employees, members of their respective boards of directors, and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:
"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

10. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stephen Album Rare Coins Inc. reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stephen Album Rare Coins Inc. reserves the right to cancel or postpone the Auction or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stephen Album Rare Coins Inc. nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction are personal and apply only to the Bidder who initially purchases the lot(s) from Stephen Album Rare Coins Inc.. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions.

11. General Terms. These Terms and Conditions of Auction and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction. Any dispute arising out of or related to these Terms of Sale, the Auction or any lot, with the sole exception of actions by Stephen Album Rare Coins Inc. to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the International Association of Professional Numismatists (I.A.P.N.). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Sonoma County, California; and any court proceeding shall be in the Sonoma County Superior Court, in the State of California. Bidder agrees that any arbitration or legal action with respect to this Auction is barred unless commenced within one (1) year of the date of this Auction. These Terms of Sale and the information on our website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stephen Album Rare Coins Inc. may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

12. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on your bid sheet. This is a personal service and a Stephen Album Rare Coins Inc. representative will personally attend to your bid sheet by bidding from the auction book, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly.

13. Floor Bidding. We reserve the right to refuse to allow a person to attend the live floor bidding session of the sale, and also reserve the right to eject disruptive or non-compliant bidders from the floor session, at the discretion of the auctioneer. Photography is prohibited for all attendees. Smoking within the building is prohibited for all attendees. Lot pickup for items won by bidders who bid live from the auction floor will be allowed no sooner than 24 hours after the final lot is hammered on the day that the lots were won. This pickup timeline may be altered at the discretion of the auctioneer.

Stephen Album Rare Coins Inc. auctions are not approval sales. Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.
